

# SEYMOUR SCORES AGAIN

## KELLY TO SUCCEED LEACH AS WATER COMPANY MANAGER

Former Railroad Man Joins Forces With F. C. Havens and Is Elected Vice-President of Corporation

By the election, yesterday, of W. F. Kelly, formerly general manager of the Oakland Traction Company, to the position of vice-president of the Peoples Water Company, he will very shortly become the general manager of the water company, succeeding Frank A. Leach.

It has been known that for the past thirty days Leach, who has been performing the duties of superintendent of the Peoples Water Company, desired to retire from the same, but was prevailed on by Frank C. Havens, the president of the corporation, to retain his position until the present arrangement could be effected. It is known, however, that at the first of next month Leach will retire from the position.

executive ability of the former, it was believed, would bring the two together in the management of the water company.

### EXPERIENCED RAILROAD MAN.

Kelly is a man of wide information. He is considered one of the best railroad men in the country. It was he who systematized the growing lines of railways in this city controlled by the Oakland Traction Company and the Key Route and brought them to their present state of efficiency.

He is, at the same time, an organizer of men, an expert in finance and has acquired a competency. Soon after his retirement from the traction company, he invested liberally in the Peoples Water Company and thus has an interest in the concern which will impel him to his utmost in the discharge of his duties in connection with that concern.

### SKILLED TACTICIAN.

He is also a tactician and will be able to display this accomplishment in dealing with the city in the matter of the proposed purchase of the Peoples Water Company by this municipality. In his former position, in connection with the railroad company, that concern had many favors to ask from the city council and the favors were generally granted as desired. While other people appeared on the surface as representing that corporation before the law-makers, it was Kelly who was the real power.

When Kelly retired from the management of the Oakland Traction Company he announced that he intended to take life easy, like a man who had retired from business. At the time, however, he was considering the condition of the Peoples Water Company as a means of investment and soon thereafter his views on the subject appeared in the papers in this city. The close friendship which has existed between Kelly and Havens for some time past, together with the

## CAPITALIST ENDS HIS LIFE

Herbert Kullman of Benicia Commits Suicide in Chicago Hotel

Tragic Death of Head of Big Tannery and Water Supply Company

CHICAGO, June 2.—Herbert Kullman, president of the Kullman-Salz Company, tanners of Benicia, Cal., and president of the water company supplying that city, committed suicide here today by shooting himself in the head. His mother and three sisters live in California.

### LEADING BUSINESS MAN.

BENICIA, Cal., June 2.—Herbert Kullman, who committed suicide in Chicago today, was one of the leading business men of this city. Several years ago he succeeded his father, Herman Kullman, as president of the Kullman-Salz Company, one of the largest tanneries in the state, and has been the active manager of the company. He also was president of the Benicia Water Company.

### HEALTH WAS POOR.

Mr. Kullman's health had been poor for some time, and recently he suffered from nervous prostration. For the benefit of his health he contemplated a trip to Europe.

Anselm Salz, secretary-treasurer of Kullman-Salz Company, said today that brooding over his ill-health was the only possible reason Mr. Kullman could have had for ending his life. His mother, brother and sister, Mrs. J. Adler, are residents of this city.

## Expects to Be Judged; Judges Others the Same

Chicago Jurist Tells Why He Shows Leniency to Offenders Before Him

ST. LOUIS, June 2.—"I expect some day to go before the great judge, St. Peter, and at that time I will hope for leniency. That is the reason why I am lenient to offenders in my court."

Thus United States Judge D. P. Dyer explained leniency he showed yesterday to H. A. Tolch of this city, who pleaded guilty to making moonshine oleomargarine and threw himself on the mercy of the court. Out of consideration for the culprit's family and his plea, he escaped with a fine of \$500 and three months' imprisonment in jail.

## Banker Sentenced For Wielding Pistol

F. M. Fair Would Stop Christening With Revolver and Goes to Jail

CENTERTOWN, Ark., June 2.—F. M. Fair, a banker of this city, was fined \$500 and sentenced to a year in jail here today because he drew a revolver and threatened to stop the christening of his nephew several days ago.

The boy, the innocent cause of the disturbance, is the son of James Stroud, Fair's brother-in-law. Stroud, who was charged with the child christening according to his religion, while Fair, whose beliefs are different, recommended another form. When he could not have his way, Fair, it was charged, drew a revolver and attempted to halt the ceremony.

## Pari-Mutuel Betting Reaches \$74,900,997

PARIS, June 2.—The pari-mutuel bettings for 1910 reached a total of \$74,900,997, from which \$1,500,000 was deducted for charitable purposes, according to a report just issued.

## GARY PREDICTS GOVERNMENT CONTROL OF ALL UNITED STATES CORPORATIONS

Declares Sherman Act Is Too Archaic to Solve Problems Willing That Steel Co. Should Ask U. S. to Set Prices

WASHINGTON, June 2.—Elbert H. Gary, chairman of the board of directors of the United States Steel Corporation, took the witness stand again today when the Stanley trust investigation committee resumed its hearing. Norman B. Rean, Percival Roberts, James Gayley and W. B. Dickson, directors of the steel corporation, were to follow Gary before the committee.

Gary yesterday was about to explain "all that I hope to do and just what my plans are," when the committee chairman, just before adjournment, interrupted him with his statement relating to the reports of a projected international trust and of the charge that Gary's "able and efficient management" was responsible therefor. Gary briefly denied it and averred that he would answer the allegations more freely today.

### FEDERAL CONTROL.

Soon after the committee met today Gary declared that enforced publicity and government control of corporations must come, even as to prices. He said he believed the Sherman anti-trust law was too archaic to deal with modern situations and never could fully prevent great combinations of capital. What the United States Steel Corporation wanted, he said, was some responsible and official department of government to whom it could go and say, "What prices can we charge and just what can we do?"

### EVEN TO PRICES.

"Yes, even as to prices. So far as I am concerned, speaking for the United States Steel Corporation, I would be very glad if we could know exactly where we stand. I wish we could go to some responsible governmental source and say, 'Here are our facts; here is our business; here is our property and our cost of production,' and could be told just what prices we could charge and just what we could do."

Gary said the real problem was not the making of big profits, but it was rather the establishment of a definite understanding of the legal situation. "Do I understand that you believe in strict governmental supervision of corporations?" asked Representative Littleton.

"Yes, I do," said Gary. "I know that is a radical position, but something must be done."

"Is it your conviction," Littleton inquired, "that the Sherman anti-trust law is archaic and unable to deal with the modern situation?"

"Yes,"

### COMPETITIVE SYSTEM.

"Do not the interpretations of the Sherman law practically order a continuance of the old competitive system as opposed to co-operative modern methods?" asked Littleton.

"I am afraid they do," Gary replied. "We don't want a condition of uncertainty in which we don't know just what we have a right to do."

Representative Young of Michigan asked Gary if he thought the national government had a right to fix the prices of commodities of interstate commerce.

"My opinion," said Gary, "is that, so far as it relates to interstate commerce, the federal government has that right."

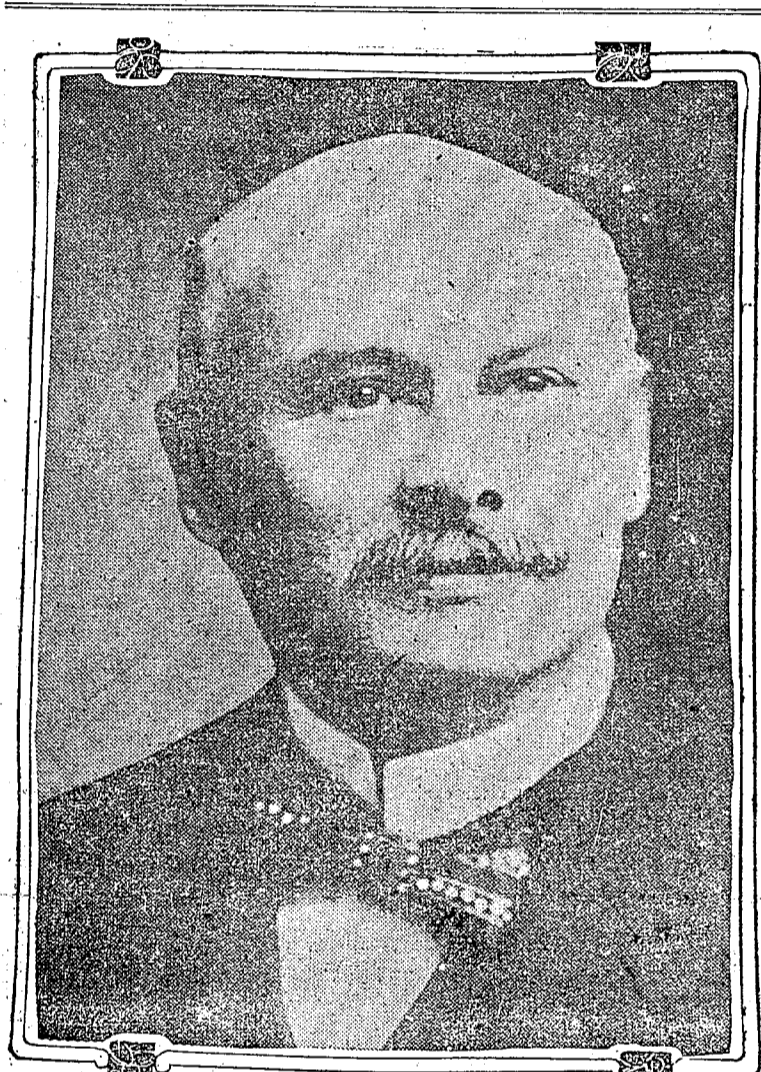

Gary asked if the United States Steel Corporation was in a position to fix

## Goes to Sleep in Chair; Dead When Discovered

Unidentified Laborer Expires in Sleep Following Night of Dissipation

Following a night of dissipation an unidentified laborer walked into a saloon at 1830 Seventh street this morning and after taking a drink sat down in a chair and went to sleep. When he was discovered about noontime today he was dead, and the body was removed to the morgue. No letters or other means of identification were found upon the man's person. He was roughly dressed, a laborer and probably about 45 years old.

ELDRIDGE H. GARY, head of the steel trust, who is testifying before a Congressional investigating committee.

## Site at 15th and Jefferson Sold for \$750 Front Foot

A sale was closed today by the Realty, Bonds and Finance Company, for the property at the southwest corner of Fifteenth and Jefferson streets. The site has a frontage of 34 feet on Jefferson street and extends along Fifteenth street a distance of 90 feet. The price paid approximately \$750 a front foot.

R. H. Chamberlain, one of the framers of Greater Oakland's new city charter and one of the city's best known business men, was the party of the first part in the deal, the purchaser being W. D. Turner, a wealthy investor in Oakland realty. There is at present on the property an obsolete building of no particular value, and its presence did not figure in making a price on the property. It is understood the ancient structure will be removed and a modern business block be erected on its site.

## Boy Shocked to Death by Dangling Telephone Wire

LOS ANGELES, June 2.—John Woolley, aged 8, rode his bicycle into a live telephone wire, dangling in the street and was instantly killed. His father, L. C. Woolley, a furniture dealer, was burned severely on both hands and arms in an attempt to save his son.

The boy was about to alight from his wheel in front of his father's store on Main street when the wire hit him on the head. He grasped it with both hands to throw it from him and fatal flames flashed around him. His father rushed to his rescue, but when he seized the boy he was hurled several feet and later picked up in an unconscious state. He is in a serious condition.

## Rumored That Governor of Sinaloa Has Been Murdered

NOGALES, Sonora, Mex., June 2.—Passengers arriving here today from Guaymas, the seaport city which is at present the southern terminus of railroad service on the west coast of Mexico, say that telegraphic advices received there before their departure told of the assassination of Governor Diego Redo, chief executive of the state of Sinaloa, on May 31. The reports, which are believed authentic here, say that the federal official had surrendered the capital, Culiacan, to the Maderists.

## General Brush Assigned to Department of California

DENVER, June 2.—A private dispatch from Washington today states that General Daniel H. Brush, commanding the department of Colorado, has been transferred to San Francisco to take command of the department of California. The change becomes effective July 1 and follows the abolishment of the department of Colorado.

## Cashier Is Robbed of \$13,826 on River Side

MINNEAPOLIS, June 2.—Joseph D. Bren, cashier and accountant of the State university, was held up by three highwaymen on the banks of the Mississippi river near the university this morning and robbed of \$13,826 which he was carrying in a satchel. He also lost his watch and his month's salary, \$166.

## WRIT SAVES STAR OF CHIEF

Though Suspended by Commission, Court Stays Execution of Order

Gustave A. White Named as Successor; Sullivan Resigns; Succeeded by Jewell

SAN FRANCISCO, June 2.—Superior Judge Seawell issued a writ of review this afternoon restraining the Police Commissioners from taking any further action against Chief of Police Seymour until June 9. This means that the chief will remain in office and that the new acting chief appointed this morning will not be able to take over the reins of government of the police department.

The Court holds that he has the right to review the acts of the commission and meantime his order ties the hands of the commissioners.

SAN FRANCISCO, June 2.—Finding Chief of Police Seymour absolutely unprepared and falling like a boomerang upon his head, came the withdrawal of the charges against him by the Police Commissioners this morning, the preferring of a set of new accusations, his suspension from the department and the appointment of a temporary successor to his office.

In rapid fire succession resolution after resolution was programmed through a meeting of the board called to consider the North Beach Improvement Club's protest against the spread of the ten derloin and when the atmosphere was cleared and the spectators had finished gasping at the speed with which the business had been conducted, the final results to be taken into account were as follows:

Police Commissioner Joseph Sullivan, president of the board, was retired into private life; J. Frank Jewell, an insurance agent and secretary of the Goldberg Grand Jury, had taken the vacant seat on the board; Chief of Police John F. Seymour was suspended and his office was given to Gustave A. White of the San Francisco Gas & Electric Company.

SURPRISE TO CHIEF.

It was all arranged as a surprise to the chief. The board had just taken their seats when a letter was read from (Continued on Page 2, Cols. 2-3)

## Red' Lopez, Who 'Sold Out,' Is Executed

CANENEA, Sonora, June 2.—"Red" Lopez, who was ordered imprisoned by Francisco I. Madero, Jr., on the charge that he had "sold out" to American interests, while in command of a section of the "insurrecto" garrison at Agua Prieta, has been executed.

Conflicting stories are told by the guard which was accompanying Lopez to Juarez, where he was to have been imprisoned. One is to the effect that Lopez had attempted to escape and had been shot. Another is that he pleaded to be executed rather than be taken to prison. It is alleged also that Lopez had confessed having received \$4000 for the surrender of Agua Prieta to the federales.

## LOUIS LONG AND WOMAN ARE SLAIN

Husband of Fighter's Lawyer With Tonsils Removed, Speechless in Court

BEND, Oregon, June 2.—Louis Long, a prizefighter, whose home is in Oakland, Cal., was shot and killed yesterday afternoon by a man named Riley. Riley's wife, who was riding in an automobile with Long from Opal City to Redmond, Oregon, was also killed. Riley is a clerk in a Portland cigar store.

Riley discovered that Long and his wife had started for Redmond in the machine and went in pursuit in another car. Long's machine broke down and when Riley came up with the runaways he ordered his chauffeur to stop, and jumping out, engaged in a fist fight with Long. Riley got the worst of the battle and suddenly drew a revolver and shot three times, killing Long instantly. He then turned his weapon on his wife, who was still in the automobile, and shot her dead.

Riley surrendered himself to the authorities.

Six years ago Louis Long was one of the best-known short-distance boxers about the bay regions, and at one time was expected that he would develop into championship material. Starting as an amateur at the Olympic Athletic club, young fellow bounded into pugilistic prominence with rapid strides, owing to the fact that he was such a hard hitter and sensational performer in the ring. In eighteen contests in which Long took part he won sixteen in less than four rounds. The success of the young fellow turned his head, and from then on it was seldom that he was in good condition for the battles he entered. Long had a mania for gambling and other forms of dissipation, and he became so unreliable that the local clubs did not care to meet him. It was then that Long left Oakland, and since that time he has been making the northwest "home." About a year ago Long returned in a local ring, but he was but half of the sturdy young boxer who had at the Reliance club had brought such great prominence.

## Rumors of Outbreak Not Given Credence

Deemed Unlikely at Ceiba, Honduras, That Another Revolution Is On

CEIBA, Honduras, June 2 (by wireless to New Orleans).—No credence is given here to rumors of another revolutionary outbreak in Honduras. The report that martial law was declared last week because of a threatened insurrectionary movement along the Salvadorean border is erroneous.

Martial law was proclaimed throughout the republic on March 20, following the termination of the rebellion led by General Manuel Bonilla. That order, which was issued to facilitate the re-establishment of peace, has not been rescinded.

No rumors of an uprising in any part of the republic have reached Ceiba.

## NOTICE!

The management of the Oakland Orpheum has pleasure in announcing the important and interesting engagement for one week only, of "The Perfect Girl," Miss Margaret Edwards, of Berkeley.

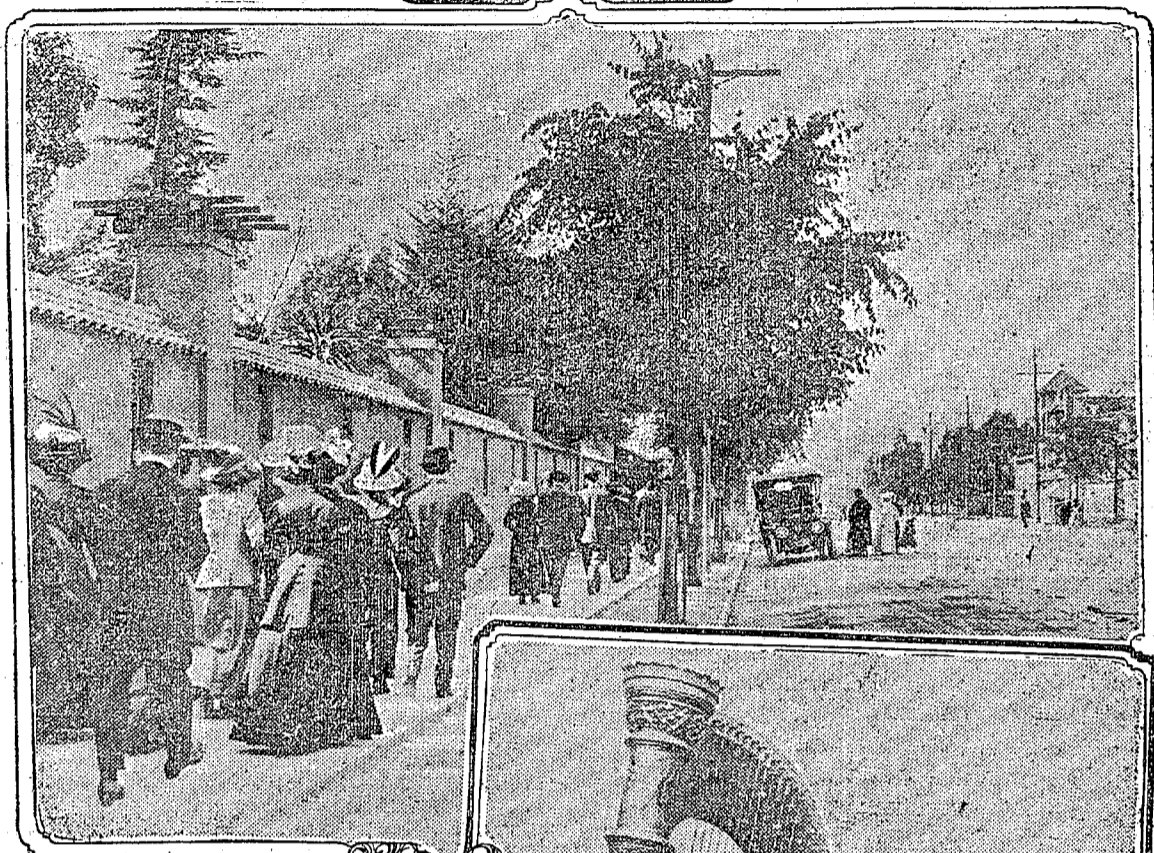

Miss Edwards was recently awarded the gold medal by the New York Society of Physical Culture as the most perfectly formed girl in the world. Her offering in vaudeville will be a revelation.

The engagement of "The Perfect Girl" begins at the Oakland Orpheum next Sunday, June 4, and is for one week only.

# TRIBUNE TO BE HOST TO THOUSANDS

## BIG DEMAND FOR IDORA PARK TICKETS

At the Entrance of Idora Park. The Lower Picture Is of Wm. Chase, Harp Soloist of the Conway Band. Idora Park and Its Attractions Will Be Free to the Public Tuesday Next, When THE TRIBUNE Plays the Part of Host.

## Fun Free for This Paper's Guests on Tuesday

People residing in outside towns or residents of this city can procure tickets for TRIBUNE DAY at Idora Park, Tuesday next, by making application by mail to the office of THE TRIBUNE, inclosing a return self-addressed and stamped.

The tickets of admission will be mailed immediately. No requests for admission tickets will be received over the telephone. People who are not able to reach THE TRIBUNE offices where the tickets can be procured may use the mails for the purpose in the manner indicated.

Thousands of people of this city and the various suburbs around Oakland have already been provided with tickets for the great outing, Tuesday next, which has been provided free for the friends of THE TRIBUNE at Idora Park; but, still, all the friends of this paper have not been supplied.

There are still thousands of tickets left and these will be at the disposal of the readers of THE TRIBUNE until the evening of the day of the outing in question.

### FREE FUN FOR ALL.

There are half a dozen places in this city where tickets can be procured and at each of these places the people will find accommodating clerks who will be willing to bestow the tickets which represent seventy-five cents' worth of entertainment, absolutely free, to every applicant.

THE TRIBUNE is in receipt of hundreds of letters from its friends in other sections of the state who say that although they are not residents of this city, they are determined to pass Tuesday next, TRIBUNE DAY, in this city and take advantage of the liberality of this paper in providing a free outing for thousands in Idora Park.

This morning, one of these letters set forth that the writer, while a reader of THE TRIBUNE, had never been in this city. She had read, she said, about the beauties of Idora Park and of the varied program which this paper had provided for its friends and had decided that not only herself but also the four children in her family would become the guests of THE TRIBUNE on that day.

There has never been an offer of this kind made in this city before. The nearest approach to it was one made,

## Freckles

Maybe You Can't Prevent Them, But You Can Easily Remove Them—Quickly, Too.

It is far better not to wait until the hot summer sunshine brings out your freckles in all their unwelcome ugliness. There's a simple remedy—Kintin—that removes freckles as if by magic—and it's guaranteed to remove them, or money back. Get a two-ounce package wherever toilet goods are sold and see how quickly and thoroughly Kintin will remove your freckles.

some time ago, by this paper also, but that offer, liberal as it was, pales into insignificance when compared with the program prepared by THE TRIBUNE for the outing at Idora Park for Tuesday. The park will be at the disposal of the friends of THE TRIBUNE during the morning, the afternoon and the evening until the closing hour of the great pleasure place. That means twelve solid hours of enjoyment such as may be experienced in no other spot on the Pacific coast, pleasure too, of the most refined, order in which old and young alike can take part.

There are thirty acres in Idora Park and it is possible for thousands of people to join in play and sports there without interfering with one another. There are means of outdoor exercise and relaxation there which are as varied and modern as any to be found in the celebrated places of relaxation in the eastern part of the country. There are grounds in which the children may play ball, croquet, engage in roller skating, romp on the grass, indulge in swings, spin around on the carousel, join in the social whirl, shoot the rapid, rush around in autos going at a lightning express speed, jog hither and thither in the trolley, ascend and descend the inclines and steeples in the scenic railway, burst into ripples in lauging lane, revive the pleasures of youth on the roller coaster, marvel at the realism of the moving pictures, take a fascinating trip on the miniature railroad which is a delight for old as well as young, experience the exhilaration of a slide down the toboggan, turn round and round on the circle swing, pay a visit to the chicken farm, feed the bears, and listen to music rendered by Conway's band, which is considered second to no other musical organization in existence.

### PLENTY OF TICKETS.

All that the friend of THE TRIBUNE has to do to enter Idora Park on Tuesday is to make application to the main office of THE TRIBUNE, or any of its branch offices, for a ticket of admission and the request will be immediately honored. It will be a pleasure for the representatives of THE TRIBUNE to supply all the friends of this paper with these tickets of admission. This liberality is also extended to the inmates of orphanages and other homes. The tickets will be furnished superintendents of those institutions on request. Tickets will also be available for mem-

bers of social and other organizations who desire to attend in a body. It is understood that there are a number of societies of that kind which have decided to be present on the occasion and enjoy the outing.

### CONCESSION TICKETS.

Beside the free ticket of admission which will be given to every applicant at any of the offices of THE TRIBUNE there will be six concession tickets given to each visitor as he or she passes the entrance gate to Idora Park, Tuesday next. Each one of these six tickets will entitle the holder to visit free one of the concessions on the grounds. Such an offer as this has never been made before. This must be borne in mind—those six concession tickets are to be given free of cost. They will not be good, however, save during the part of the day for which they are issued.

There will be three kinds of admission tickets. One kind will be for the morning, another for the afternoon and the third for the evening. There will be concessions for tickets for the morning, also for the afternoon and for the evening. Concession tickets for the morning will not be good in the afternoon or evening. Concession tickets for the afternoon will not be good in the morning or evening. Concession tickets for

Little Gents' Satin Calf, Blucher Shoes, with good heavy soles. Just the shoe for vacation. SPECIAL FOR SATURDAY... 95c

## GENERAL FOOTE IS NEAR DEATH

The Poet and Diplomat Suffers From Pulmonary Hemorrhage.

SAN FRANCISCO, June 2.—General Lucius Harwood Foote, poet, diplomat and one of the most prominent of the veteran clubmen of this city, suffered a severe pulmonary hemorrhage at 2 o'clock yesterday morning. Owing to his advanced age, 85 years, and the effects of a stroke of paralysis several years ago, but little hope is held out for his recovery.

General Foote has been making his home for the last eighteen years with Mr. and Mrs. O. C. Hope at 2723 Pine street. When he was stricken with a severe fit of coughing Wednesday night they immediately summoned Dr. Charles T. Cross. The patient was unable to speak and was very weak from the loss of blood. Oxygen was administered to save the general's life, and he is now under the constant attention of two nurses.

General Foote is a charter member of the Bohemian Club and for twenty-one years has been secretary and treasurer of the Academy of Sciences. He has won considerable distinction as a writer and a poet.

He has held various diplomatic offices during his career, having served as consul to Valparaiso, Chile, from 1878 to 1881, and has distinguished himself in other positions. He has been twice married, his first wife dying in 1855. He has no children.

## FREE LUNCH TO STAY ON BOARD

Bill Opposing Popular Institution Is Likewise Laid On the Table.

There's joy in the hearts of the patrons of the free lunch. The measure for its abolishment by law has been withdrawn. When the consideration of the proposed ordinance came up before the ordinance and judiciary committee of the City Council last night the sponsors of the measure asked that they be allowed to withdraw it and this was in effect permitted when the committee voted to lay the measure on the table.

## SPRINGFIELD CASHIER JAILED FOR CONTEMPT

SPRINGFIELD, Mo., June 2.—Following his refusal to give information regarding the cash balances of certain depositors on June 1, 1910, W. B. Sams, cashier of the Holland Bank, Inc. Company, was ordered committed to the custody of the sheriff by the county board of equalization here today. He was held to be in contempt of the board.

## CASTRO LOCATED BY U. S. GOVERNMENT

WASHINGTON, June 2.—Former President Cipriano Castro of Venezuela has been located at Lisbon by the State Department. He was there Wednesday and had been there since May 15, having reached Portugal from a Spanish port, presumably Bilbao. On learning the whereabouts definitely, the State Department called the American charge d'affaires to acquaint the Portuguese government with the fact that the United States had not changed its view respecting Castro, and that he should not be permitted to organize a filibustering expedition directed against the present government of Venezuela.

## STRIKE IN ABEYANCE.

ANTWERP, Belgium, June 2.—The Antwerp, declares that there will be no international strike of seamen for the present. Another attempt, however, the paper says, will be made to bring about a strike on June 16.

the evening will not be good for either the morning or afternoon.

When applying for tickets of admission, the applicant must determine whether he desires to attend the outing in the morning, the afternoon or the evening and ask for a ticket accordingly. This does not mean that a person who receives a ticket for the morning must leave the park at noon or that the person who receives a ticket for the afternoon must retire from the scene at sundown, for such is not the case. The person who enters in the morning may remain the whole day.

The park will be open at 10 o'clock in the morning and the admission and the morning concession tickets will be good from that hour until noon. The afternoon admission and concession tickets will be good from 2 o'clock until 6 o'clock and the evening tickets will be good from the last-mentioned hour until the time for the closing of the park arrives. People should remember these rules, because it is the desire of THE TRIBUNE and the management of Idora Park to prevent crowding in order that all may have a pleasant time.

### PEANUTS FOR CHILDREN.

One of the great features of this outing and one which will rejoice the heart of every little person, will be the bestowal of an individual bag of peanuts upon each minor. There will be also bestowed upon the little ones flags, whistles and other articles which will make memorable the TRIBUNE Day of 1911. The full program of musical pieces which are to be rendered by Conway's band for both afternoon and evening is as follows:

### TRIBUNE DAY.

Overture, "Aroldo".....Verdi  
American Song.....Eugene Schramm  
Airs from "The Chocolate Soldier".....Strauss  
(a) Bridal Chorus from "Lohengrin".....Wagner  
(b) March, "The Tribune".....Alexander

Ronde d'Amour.....Massenet  
Selections from "Naughty Marietta".....Herbert  
Saxophone Solo, "Favorita".....Donizetti  
Airs from "The Girl in the Train".....Thomas  
H. Berner Henton  
We've Kept the Golden Rule.....Fall

## KANSAS FARMERS CALL FOR ARMY OF HANDS

TOPEKA, Kan., June 2.—Although the wheat will not be ready to cut for two or three weeks Kansas farmers already have called for 12,000 harvest hands. Charles Harris, director of the State free employment bureau, said today that the bureau expected to ask for from fifteen to eighteen thousand men this year.

## Individuality

Marks our Made-to-Order Suits, and we sell for less and give you the benefit of our liberal

Special For Saturday

Fine soft-finish rib 65c garment

**\$1.25 Suit**

**Tom Ronald**

1234 BROADWAY  
Just below Ye Liberty Theater.

## DEATH WAS DRIVER OF GROCERY WAGON

NEW YORK, June 2.—Elbert Griffen of Oyster Bay, driving his automobile toward Bayville yesterday afternoon, saw a horse coming rapidly toward him, the reins dangling and on the front seat George W. Downing, an Oyster Bay grocer, apparently asleep.

Griffen yelled to Downing: "Look out there, you'll run me down!" When Downing did not respond Griffen drove his car into a ditch to escape a collision. Suspecting something wrong, Griffen turned his car, pursued the carriage, and, overtaking it, discovered that the grocer was dead. Downing was 60 years old.

FAVOR "SEEING BERKELEY."

BERKELEY, June 2.—The directors of the Berkeley Chamber of Commerce have adopted a resolution approving the proposed sight-seeing trolley trip through Oakland, Berkeley and Alameda as planned by the Key Route and Oakland Traction companies.

## Clearance Sale of SUITS

Saturday we place on sale 78 sample models of Man-Tailored Suits; up-to-the-minute styles. Most of them have been shown models for custom tailors. Every one hand tailored, hair cloth bust line, mannish materials. (Just as if they were made to your measure). They are worth from \$40 to \$65.

THIS is the greatest suit selling event of the season.

**Simmonds**

Rooms 284-285-286-287 BACON BUILDING.  
Third Floor—Take the Elevator.  
Open Saturday Evenings Till 10 O'Clock.  
We have no show windows or any connection with any street store.

## MADERO DEPARTS FOR CAPITAL OF MEXICO

Leader Will Travel in Special Train Guarded by Insurrectos.

COMMENTS ON CHANGE IN LAST SIX MONTHS

City of Parral Looted by the Rebels Banks Robbed of \$50,000.

EL PASO, Tex., June 2.—Francisco I. Madero was astride today preparatory to his departure at 10:30 for Mexico City to discuss with President de la Barra the problem of forming a new government for Mexico.

Going by way of Eagle Pass, Tex., Senor Madero intends, after crossing the border, to travel in a special train, guarded by armed insurrectos. He will visit Torreon, Zacatecas and Aguas Calientes in an effort to pacify that section of the country.

Senor Madero is due to arrive in Mexico City at 10 a. m. next Wednesday. Those selected to accompany him include Raoul Madero, his brother, and Francisco Madero, Sr., his father, Giuseppe Garibaldi and many minor officers who participated in the revolution.

"WHITE HOUSE" BUSY.

The little "White House" on the banks of the muddy irrigation ditch near Juarez, where Madero had established his headquarters, presented a busy scene today. Wagon loads of documents pertaining to the business of the revolution were hauled to the train and messengers on horseback were kept galloping between officers' headquarters to give final orders for the departure.

Senor Madero himself was greatly pleased with the prospects of his reaching Mexico City. "It seems our triumph is completed. We began our fight in the open field and now we are marching in peace to the stronghold of those who were once our foes."

CHANGE IS GREAT.

"No one six months ago would have believed that so great a change could come to a country. Then the country was divided between bitter enemies. Now, I trust, all the hatred will be forgotten, for after all it was a hatred merely for a social condition. As Mexicans we are all brothers. I trust tranquility will spread throughout the land."

Just before the time set for his leaving Senor Madero heard of the looting of the city of Parral, an important mining center near Jimenez. A band of rebels entered the place and took away \$50,000 from the banks there.

## FEARS SHE IS LOSING MIND, WOMAN SAYS

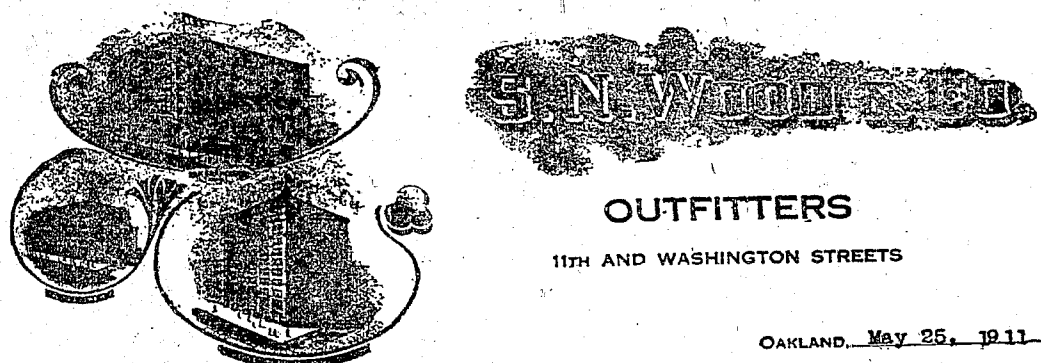

MARTINEZ, June 2.—Weary to the point of collapse, Mrs. Pauline Johnson, a former patient at the county hospital, pleaded yesterday in the office of the superintendent this morning, saying she had walked from Berkeley and wished to be restrained as she feared she was losing her mind.

Mrs. Johnson achieved some notoriety some weeks ago when she was arrested at Richmond while attempting to "hobo" her way to Kansas on the Santa Fe. The woman was in male attire.

Mrs. Johnson was sent to the county jail for a term and afterward spent several weeks in the county hospital. Her case is a puzzle to the authorities and she will be examined as to her sanity.

REBUKED, STARTS SUIT.

Edna P. Nebel was sued by her husband yesterday, he alleging that his wife had rebuked him in public in regard to table manners, and for that reason he insists that he be granted a divorce.

Oakland Tribune,  
Oakland, Cal.

Gentlemen:

We have found the SUNDAY TRIBUNE profitable for promoting the early part of the week shopping and have observed that all advertisements carrying articles of men's and women's wearing apparel find ready response.

We have endeavored to carry an advertisement in the SUNDAY TRIBUNE which has some special feature from each of our many departments and the managers of these departments insist upon the use of the SUNDAY TRIBUNE.

The many special features of the SUNDAY TRIBUNE make it a paper preeminently adapted to the needs of Oakland people and no other publication circulating in this County is in any way able to give us the same results.

S. K. WOOD & CO.

## LATEST NEWS FROM OUTSIDE TOWNS

### \$14,000 CHURCH FOR FRUITVALE

Congregationalists Secure a Permit to Build Classic Edifice.

FRUITVALE, June 2.—A building permit was issued this morning by the Board of Public Works authorizing the construction of the new Fruitvale Congregational church. The building, which will be a two-story affair, with ample room for a Sunday school, will cost the congregation \$14,000, and will be one of the handsomest edifices in the district. The site, on the corner of Fruitvale avenue and East Sixteenth street, was purchased some years ago, but through some trouble the building was only partially completed. The issuance of the permit this morning, however, marks the completion of the long, uphill fight made by the pastor, Rev. Dr. Palmer.

### PLAN TO BOOST HOME PRODUCTS

Hayward Citizens to Exhibit Resources of the Session.

HAYWARD, June 2.—At the next meeting of the Hayward Chamber of Commerce, arrangements will be made for an exhibit of all the products of the district, including Palomares, Castro Valley, Cull Canyon and Dublin, in a prominent place in the center of the town. This exhibit will be the second step taken by this progressive body in advertising home products and the wonderful results which can be gotten from a few fertile acres.

The first advertising scheme to be taken up by the members of the chamber, the circulating of maps with a bird's-eye view of the city and the adjacent valleys, has been the means of arousing a great deal of interest, and as a result the real estate sales in the past few months have been increasing.

### INJURED FRUITVALE BABY IS REVIVED

Grace Vielhour Unconscious for Two Days as the Result of Fall.

FRUITVALE, June 2.—After lying unconscious at her home for two days as a result of a 20-foot fall from the rear porch of her home at 1718 Seventeenth street, two-year-old Grace Vielhour regained her senses again this morning at 10 o'clock.

For the past two days, ever since she slipped and fell while playing on the porch, Dr. J. H. Cullen has been working over her night and day and for a time it was thought that he would be unable to save her life.

STEGE GRAMMAR PUPILS ARE GIVEN DIPLOMAS

STEGE, June 2.—The graduating exercises of the Stege grammar school were held last evening in the pavilion in East Shore park. An elaborate program of addresses and music was given under the direction of M. E. Bradley, principal of the school. The pupils graduating are Lorena Powers, Alice DeLacey, Kate Thayer, Leslie DePew, Bertha Johnson, Lillian Morris, Alton Duchaine, Walter Hoffman, Samuel Korb and Ben Daniels.

### MRS. FARRELY TO THIEF CAUGHT IN LONG CHASE

Turns Over San Leandro Institution to Local School Board.

SAN LEANDRO, June 2.—Owing to ill health and trouble in the San Francisco club with a woman who was quarreled as herself, Mrs. R. S. Farrelly has decided to turn over the San Leandro Boys' Club, which she started and kept up for the past year at a great cost to herself, to the local school board.

Mrs. H. Z. Jones, who became interested in the case of the boys and one of the most prominent workers for the cause of the little ones, said this morning:

"The work will go on if any of the men or women of San Leandro will come to the front and help the club financially. At the present time the issue is in the hands of the members of the school board, of which A. B. Carey is the head, and anything that they deem fit to do with the band and the gymnasium outfits will be satisfactory to Mrs. Farrelly. At their next meeting they will take up the matter and make a report to Mrs. Farrelly and in that report it will be known whether they will buy the outfits or take the club over bodily and continue to run it on the present basis."

\$25,000 INSTITUTION.

The club is one of the greatest of its kind on the coast, having been started by Mrs. Farrelly a year ago, when she was arrested for standing on street corners, that all boys in the town would be forced to stay indoors at night.

Seeing that the youngsters had no place to go and that many of them were being arrested for standing on street corners, the club was started at a cost of \$12,000. Since that time the expenditures have grown until at the present time the outfit for the gym and the building is valued at not less than \$25,000.

### REAL ESTATE MAN ON WAY TO RECOVERY

HAYWARD, June 2.—Reports from the Merritt hospital of Oakland state that T. Darden, member of the prominent real estate firm of Warren & Darden of Hayward, who was operated upon late Saturday night for a bad case of appendicitis, is now out of danger and will probably be allowed to return to his home within the next week.

WILL HOLD ANNUAL PICNIC.  
HAYWARD, June 2.—Preparations are complete for the annual picnic and summer outing to be held by the members of the Hayward Congregational Sunday school at Hayward Park, Saturday afternoon, June 3. These picnics are a yearly occurrence with the Sunday school and are looked forward to with much interest and pleasure by the children.

WILL VISIT NAVAL STATION.  
HAYWARD, June 2.—The senior class of the Hayward High School, under the guidance of Dr. G. Gamble, will visit the United States naval training school at Ponce de Leon Bay tomorrow morning and afternoon.

### INDIANS TO PLANT FRUIT TREES IN NORTH

SAN JOSE, Cal., June 2.—Through the efforts of the Rev. Edwin Sidney Williams of this city, three nurseries have donated 900 fruit trees for the Indians in Colusa county. The Indians will pay the Indian agent 10 cents each for the trees and the money thus obtained will be placed in the fund for building them a school, this plan being adopted to give them a useful lesson in thrift and self-help.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by Osgood Bros' drug stores.

### LOS GATOS SCENE OF MERRY-MAKING

Oakland and Piedmont People Enjoy Outing in That Vicinity.

WARM SPRINGS, June 2.—A picnic and barbecue was tendered Miss Florence Allard at Warm Springs on her eightieth birthday anniversary, May 30, at Mr. and Mrs. Gunichard's beautiful orange grove in Los Gatos. The day was spent in music, games, dancing and recitations.

Selections were rendered by Dr. Rowell and wife and also by Professor Rieff and wife of Oakland. Councilman Eugene Stachler of Oakland was toastmaster.

The main feature was the chicken barbecue and those who presided thereat were H. Allard, M. Poncet and H. Butell.

At 6 p. m. the merry party broke up and returned to their homes happy with their day's outing. The out-of-town party, on its way home, stopped at Warm Springs to partake of a birthday supper.

Among the invited guests were: Councilman Stachler and family, Dr. Rowell and wife, Professor Rieff and wife, Wm. Kabisins and wife, Miss Minnie Kabisins, Miss Susie De Mars, of Piedmont and Oakland; H. Allard and family, Arthur Pearson, M. Agavada and family, Francis Lazama of Warm Springs, Mr. Butell and wife, Mr. Landry and family, M. C. Cline and family, Mr. Raymond and daughter, Miss Julia Farrel of San Jose, Mr. and Mrs. Gunichard and family of Los Gatos.

### HAYWARD HIGH PLANNING COMMENCEMENT PROGRAM

HAYWARD, June 2.—Extensive preparations are being made by the graduating class of the Hayward High School for their commencement exercises to be held in the Native Sons' hall, June 9. The hall has been beautifully decorated for the occasion in the colors of the school and various hued flowers. Dr. F. J. Johnston, the new principal, will address the graduates on prominent issues of the day.

SOCIALISTIC LECTURE.  
ALLENDALE, June 2.—A lecture by James S. Cato will be given at Allendale hall this evening on "Socialism: What It Is, What It Will Do, and How It Will Do It." The lecture will be open to the public.

## PREDICTS VICTORY FOR SUFFRAISTS AWARD CONTRACTS FOR CITY HALL

Assemblyman Crosby Says the Equal Suffrage Amendment Will Carry.

The Board of Public Works Will Meet for That Purpose Tomorrow Morning.

ALAMEDA, June 2.—Speaking before the graduating class of Alameda High School last night, Assemblyman Summer Crosby, president of the board of education, predicted a victory for equal suffrage at the polls in October. He said:

"Without entering into a discussion of the merits of woman's suffrage, I freely predict that the constitutional amendment relative to granting equal suffrage to women will be adopted by the voters of this state at the election this fall."

"I sincerely hope that you will all devote as much of your time as is possible to the study of the great political questions which face us at this time. We need upright young men and women of integrity and education to solve these problems and to devote as much of their time as they can to the public good."

Certified checks on all the high bids have been returned to the bidders by Secretary J. W. Nelson of the board of public works. These checks that have been returned tallied to over \$100,000. Checks have not been returned to the low bidders, nor to any of the bidders on plumbing or painting as the award on these items is yet under consideration.

## PRESSES BUTTON, BOY IS INJURED BY SHOCK

INDIANAPOLIS, Ind., June 2.—Carl Hanselman, aged 9, was killed almost instantly recently in his home when he grasped the porcelain button of an electric light bulb to turn on the light. Shocked and burned, the boy rolled a few feet on the floor with a cry. His father, Joseph Hanselman, arrived immediately and found his son dead. Investigation of the wire mystery that

## Gardening in the Schools.

"The School Garden in the Course of Study" is the subject of a recent monograph issued by the agricultural department of the University of California. It is by Ernest B. Babcock and Cyril A. Stebbins, who have treated their theme from the practical as well as the scientific standpoint. To them the school garden is not merely an appliance for imparting knowledge in botany and the different phases and moods of plant life, but as a valuable aid to agriculture and commercial gardening. We quote the opening paragraph:

"School gardens and elementary school agriculture are often considered as mere phases of the great subject of Nature-Study, meaning by this term—"the observational study of common objects and activities from the standpoint of human interest in our everyday lives." But the school garden, on the one hand, has certain intrinsic values which cause it to appeal to pupils, teachers and patrons, while agriculture, on the other hand, as a grammar grade subject is rapidly being incorporated into county courses of study throughout this State."

It is pointed out that gardening under the teaching of practical instructors and demonstrators is a great aid to mental development. Not only does it inculcate a love for nature and her processes, but it teaches method and application—stimulates the reasoning faculties and furnishes an incentive for study leading to useful results in the ordinary affairs of life. As the authors of the circular remark: "Agriculture has been adopted as a grammar grade subject in many counties of California. But, owing to the lack of a definite, progressive plan of garden work, the study of agriculture has amounted to little more than the reading of supplementary texts. Grammar grade agriculture should build upon and supplement the nature-study of the primary grades and the school garden should furnish the actual basis of the work throughout the whole course."

This paragraph sets forth the motif for the monograph, which aims to prescribe methods of instruction in school gardening in the grammar schools. It is an effort to systematize the courses of study and experimentation in a valuable branch of popular education. The work is thoroughly and intelligently done. The course outlined is progressive from grade to grade and so is adapted only to the larger schools. Smaller schools will be compelled to handle the pupils in groups, making the garden work progressive from year to year in those groups. A scheme is suggested for this class of schools.

In the general course prescribed for the larger schools, instruction begins with soils, their composition and character and the elements which enter into their fertility and fruitifying power. Next in order is the preparation of the seed bed, the selection of the plants to be grown and the methods of cultivation. All these details contribute to the general stock of human knowledge, imparting it to the child mind in its most receptive stage under conditions which arouse interest stimulate thought and promote study. In learning why things grow and how to grow them, the child is taught to reason from one premise or condition to another, to draw conclusions and to differentiate in putting in practice general rules; and to study out methods of procedure. The growth of the plants symbolizes the expansion of the child's mind when its interest is centered about living objects which germinate and develop under the personal care and observation of the pupil. All this is disciplinary and instructive in the highest degree. It is a phase of modern education that deserves sympathetic attention and encouragement.

That Mr. Babcock and Mr. Stebbins have given out a valuable document needs no affirmative statement. What they have put forth is instructive without being too technical and without introducing scientific terms and botanical definitions. They have avoided the jargon of the classroom as much as possible, dealing in plain language and simple terms which carry their ideas and suggestions to the most ordinary comprehension. That is not the least merit of what they present. The course of study they have marked out is the application of practical principles not merely in instruction, but in real training for the agricultural vocation. It can be broadened or narrowed in accordance with special or local conditions, for every phase of gardening for instruction in the common schools cannot be generalized and compressed into a comparatively small space. This again is a merit of the work before us.

Score one for the Taft administration. At last the Russian government has rescinded the rule prohibiting Americans of the Jewish race from entering the Russian empire. An imperial rescript has been issued announcing that Americans of the Hebrew race can visit Russia on business errands and be free to travel about under passport protection without molestation. This is a victory for freedom of intercourse gained over prejudice and bigotry. American Jews can hereafter visit Russia without disguising their race and religion, can have their passports vided by the Russian and American consuls so that they need have no fear of being jailed or expelled from the country. They can now go openly and freely where they have heretofore been forbidden to set foot. It is an evidence that the world is growing more enlightened.

The champions of the various sites offered to the Panama-Pacific Exposition Committee are gaily proving that every available site in San Francisco is impracticable. Come to Oakland.

One of the advocates of Golden Gate Park as a site for the Panama-Pacific Exposition objected to the selection of Harbor View on the ground that Oakland would get half the benefit if the fair should be located there. Apparently he thinks the exposition should be located at the point that will be least beneficial to Oakland. His sentiments are broad-minded and neighborly. But it is hardly conceivable that the exposition managers will be impressed with the idea that the fair should be located with a view to spiting people on this side of the bay. Over here we do not wish to interfere in the selection of a site, but if the exposition is to be the great success it should be it should be located with a view to attracting as many visitors as possible, and hence ease and cheapness of access are objects to be sought.

Postmaster-General Hitchcock is now being abused for putting the Postal Department on a paying basis. For the first time in its history the Postal Department will have a balance to its credit at the close of the fiscal year, but the Postmaster-General is not getting any credit for it, although it is not claimed that the postal service has declined in efficiency. It is charged that Mr. Hitchcock is a "mere politician" and therefore unfit to be Postmaster-General and that he has put the Postal Department on a paying basis by overworking the department employees. That Mr. Hitchcock has weeded the department of drones and incompetents must be admitted, but that he is overworking anybody is scarcely believable. But a mere politician has no right to set an example in efficiency and economy. Better the extravagance, bluff and incompetence of so-called reformers.

## STILL SMOULDERING

## Is There a Newspaper Trust?

What is a trust? Arthur C. Hastings, president of the American Paper & Pulp Association, calls the American Newspaper Publishers' Association a trust. Mr. Hastings represents the combine of American paper makers who are opposing reciprocity with Canada. They also oppose reducing the import duties on print paper and wood pulp. The American paper manufacturers have gained control of nearly all the hemlock forests in this country. Wood pulp, from which paper is manufactured, is mainly a product of hemlock logs.

Mr. Hastings denies that the paper makers have formed a trust or are in a combination to restrain trade and production. Yet he admits sending out a circular letter to the paper manufacturers advising them to curtail production. He charges that the newspaper publishers who are demanding a reduction in the duties on paper and wood pulp have formed a trust, which he says ought to be prosecuted by the government officials. He wants to send to jail his customers.

His charge raises the question: "What is a trust?" The publishers of the leading newspapers in the United States have formed an association, it is true, but that association has nothing to do with the prices charged for advertising and subscription. Such a thing would be impossible. The association is not a combination at all, but a federation of the loosest sort formed to protect the newspaper publishing business from certain kinds of imposition, among which is to be included the exactions of the paper manufacturers. The publishers have got together in an effort to protect themselves against tariff discrimination and unjust libel laws, but they do not attempt to fix the rates that shall be paid for subscription and advertising. They prescribe no wage scale for their employees, but are agreed upon a basis for arbitrating all questions relating to wages and hours of labor with the labor unions. Unlike the insurance companies, they are not even agreed as to the amount of commission which shall be paid to advertising solicitors.

In all the particulars here enumerated each newspaper is a law unto itself. Each newspaper makes its own subscription and advertising rates, makes its own terms with advertising agents and solicitors, and follows the established rule in dealing with the unionized mechanical trades.

Now where is the trust? It is merely a figment conjured up by men engaged in manufacturing the paper on which newspapers must be printed. These manufacturers insist that the government shall assist them in holding up and plundering the publishers. They demand that high duties be levied for their benefit on print paper and the raw material from which print paper is manufactured. They deny that they are in combination, but their scale of prices shows a common understanding if not a specific agreement. They hold meetings to discuss prices, terms of delivery and the volume of output, and the result is a general level of prices that are unjust and exorbitant to the publishers.

When the publishers, seeking to rid themselves of this exaction, ask for a reduction in the tariff duty on print paper, the head of the manufacturing combine says the newspaper publishers have formed a trust. If an agreement to oppose an unjust and oppressive duty on print paper constitutes a combination in restraint of trade they are guilty. But all the circumstances indicate that Mr. Hastings and his fellow manufacturers are the ones in a combination to restrain trade and exact tribute through the operation of the tariff.

The duty on paper is practically prohibitive and hence yields only a trifling revenue to the government. It is analogous to the gaspipe in the hands of a footpad, being a tariff for the revenue of private individuals.

## HOW DU MAURIER DREW

It was in his treatment of the tip of the nose that Du Maurier made his girls attractive. There was something of an upward tilt generally, and the heaviness one finds in the so-called antique noses was avoided—it may be at the cost of a little dignity, but there are no unimpaired antique noses that I know of except that of Hermes of Olympia, for when the Venus of Milo has, had the extreme tip restored, and how much difference may not be made by altering the extreme tip! Years and years ago I found a terra cotta mold of an antefix in the Etruscan Museum in Florence and I brought away a cast taken from it and treasured it very much, for in the nose of the head in the middle it is quite different from any antique nose I know. There can be no question as to the antiquity of the mold, which was found near Orvieto, some day in the '80s, when Monsieur Guillaume, the famous sculptor, and then director-general des Beaux arts, was in my studio. I showed him the plaster cast, and he exclaimed, "But that is the type of young English women that Du Maurier draws in Punch!"

His preparatory studies for the figures for the Punch drawings were done from living models with pencil, and in course of time he got to do them with great skill and apparent ease. A number of these pencil studies were recently acquired for the art library of the Victoria and Albert Museum, where they may be seen mounted in juxtaposition with reproductions of wood cuts published in Punch, for which they were made. For the making of these drawings, generally representing people of fashionable appearance, he used to employ models who could wear his clothes and his wife's—nice, clean people who came to him twice a week. I know of one married couple who sat to him in this way for many years. In these preliminary pencil drawings there was no attempt to give the heads, the place and sizes of which were indicated only—but the clothes were carefully done. From such studies he drew the composition again with ink, adding heads to suit the characters of the subjects—Harper's Magazine.

## 20 YEARS AGO IN OAKLAND

Members of the Oakland, Alameda, Garden City and Bay City bicycle clubs who took part in the races over the San Leandro triangle course yesterday were W. F. Foster, George Olson, F. Waller, F. G. White, Al Alcaraga, O. L. Pickard, J. F. Ives, E. E. Stoddard and D. Marshall.

The pupils who took part in the graduating exercises of the Ninth grade, Franklin school, last evening, were Alta C. DeWolf, Mamie Wilson, Katie Wolcott, Sarah Vrooman, Ethel Rennie, Fanny Hunniman, Birdie Fletcher, Gertrude Sherburne, Geneva Jones, Ella Simmons, Rose Brydes, Edith Allen, Clarabelle Williams, Fred Gardner, Miss L. E. Bentley, Henry Nedderman, Principal J. H. Chandler, School Director Evans. The honorary graduates were Lulu R. Fletcher, Mary B. Stadler, Mary E. Wilson, Ethel E. Rennie, Gertrude A. Sherburne, Blanch B. Byrbee and Francis M. Norris.

The executive committee of the Alameda County World's Fair Association held a meeting this afternoon at the office of J. E. McElrath. The following directors were present: M. J. Keller, E. M. Gibson, Colonel Meyers, H. W. Meek, Juan Gallegos, G. C. Edwards, F. K. Shattuck, B. S. Denison, Charles Hadsell and T. W. Jeffress.

Deputy City Engineer Wilson, accompanied by some friends, was cruising in his yacht Pilgrim yesterday just inside the Heads when he came upon an old man lying in the bottom of a small boat. He had attempted to paddle it across the bay from Oakland and had been drifting for three days.

Officer Scanlan has been assigned to the Chinatown beat to help Officer Crafts watch the gamblers. Officer Cole will take the Broadway beat.

Fire in the East Oakland planing mills last night caused damage to the amount of \$10,000. A small blaze was discovered by Police Officer Brown shortly after 8 o'clock.

Under the auspices of THE TRIBUNE \$6735 of the \$10,000 asked as a bonus for the building of the Macdonough Theater has been raised and a number of wealthy men of the city are yet to be heard from.

Fred Lange of West Oakland, who gained fame as a baseball player, and Miss Sonn, will be married tomorrow evening. They have had a handsome cottage constructed on Twelfth and Chester streets.

Superintendent of Schools J. W. McClymonds wrote that fine round smile last evening for which he is becoming noted among the teachers. The members of the Board of Education were in session and an order had just been made increasing the salary of the office to \$2000 a year, or from \$208 to \$256 per month.

The ordinance regulating the operations of the poolplayers in this city and compelling them to pay a license of \$600 per annum, was finally passed by the city council last night.

Poundmaster O'Connell's report for May shows that he impounded 112 dogs, 3 horses, 2 cows and 3 goats.

It becomes necessary at certain times a year for a department store to regulate merchandise stocks for its own benefit. But in the regulation you benefit decidedly.

The average customer knows nothing of these inside arrangements, yet the result of this shifting and regulating has a deep significance for you. We must see that the proper quantity of each line is on hand, we must guard against overloading shelves and warerooms, and we must dispose of odd or short lines.

To reduce stocks to the proper merchandise level we hold this "Stock Adjusting Sale," and hence this surprising scale of price reductions.

When Every Visitor Is Certain to Become a Customer—It Will Pay You Well to Shop Early at Hale's Oakland's store tomorrow.

## EMBROIDERY SALE

HERE is an embroidery sale offering huge quantities of exquisite patterns at prices so low that buying will be stimulated to a high degree tomorrow. You know what a "Hale" embroidery sale is--beautiful patterns, strong material, at prices far below real value. That's what this sale is.

5c a yard	10c a yard	15c a yard
Edgings 1 1/2 inches to 3 inches wide. Dainty, well worked edges and a line of very pretty insertions.	Edgings 5 to 8 inches wide; insertions 1 to 1 1/2 inches wide. Many pretty patterns in this assortment. Dainty floral designs, others of eyelets in fancy open work patterns.	Insertions 3-4 to 3 inches wide, well finished and splendid values. Also 18-inch corset cover embroidery with beading edges, 12 to 16-inch flouncing in scroll and floral designs and pretty eyelet work. Some 6-inch edgings in showy patterns of open work, eyelets, lovers' knots, rings and wheel designs.

## Another Great "Hale" Waist Sale! 500 New Summer Waists Just From New York---Latest Styles---Underpriced

A telegraph order brought 500 fresh new waists to us from New York yesterday morning. They are available tomorrow morning at 95c and 1.25. Come in the very latest styles--there is nothing newer or more up-to-date in waists to be had anywhere than these. Make your selections from the great assortment on the Second Floor tomorrow.

### At 95c

A handsome selection in five styles. One of all-over embroidery with eyelet work, with high neck and kimono sleeves. Another style has lacey front. Others have panel front with square medallions of embroidery in king blue or coral; low square or round necks.

### At 1.25

Three styles of unusual beauty, one of voile and two of lawn. One style has round scalloped neck embroidered in king blue; another has elaborately embroidered front, and still another has scroll designs in red and blue embroidery.

### Reduction Special: 75c Waists for 49c

Waist values that will throng our counters tomorrow. Formerly 75c, special in this sale at 49c each. Where else can you buy a lawn waist in plain white with high neck, long sleeves and trimmed with pin tucks or plaits over the shoulder for 49c?

## Lace Curtains---a Sale Great in Quantity, Excellence of Quality and Sharp Reductions

This line of lace curtains is so radically underpriced for the quality of the goods that your opportunity to acquire splendid pairs at small cost to yourself is unsurpassed. The following brief description gives you no idea of the remarkable values.

- Nottingham Lace Curtains--Pair 60 inches wide by 2 1/2 yards long, plain centers with neat insertion borders, or figured centers with scroll borders. In white or Arabian. 50c a pair.
- Nottinghams--Pair 80 inches by 2 1/2 or 3 yards, Point d'Esprit centers, white or Arabian. 90c a pair.

- BLEACHED PILLOW CASES, size 45x36 inches, made of good quality sheeting. Each special at 12c.

## Thin Blood Means Failure

The man or woman whose blood is thin cannot succeed. Rich, red blood means energy, courage, strong nerves, will power, the elements that go to make health and happiness. It means a large measure of success

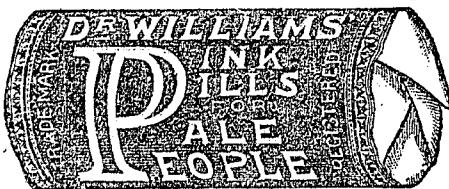

in life. Thin blood means debility, weak nerves, poor appetite, sleeplessness, conditions that so handicap the victim that failure is certain.

Whether the sufferer is a man engaged in business or a woman concerned with housekeeping or social duties, he or she will be unequal to the obligations imposed, behind in the day's work, helpless and hopeless as the burden of things left undone accumulates. You know plenty of such men and women. Do you recognize that the thin blood shown by their sallow complexions is largely responsible for their failure? ARE YOU ONE OF THEM? Do you realize the need of a better, healthier supply of blood? Read this enthusiastic statement of one who realized in time.

Mrs. L. H. Litscher, of Dayton, Ore., says: "My blood became thin and I was generally run down. My heart bothered me, my stomach was weak and I had no appetite. I was subject to dizziness and headaches and felt tired and without ambition. I was nervous and could not sleep well. The doctors said that I needed something to build me up, but they never seemed to help me. It was not until I tried Dr. Williams' Pink Pills for Pale People that I found a medicine adapted to my case. The pills helped me in a few days. My appetite picked up and I grew stronger. By the time I had taken six boxes my blood was in good condition and I was cured. I can hardly find words to express my gratitude for being restored to good health."

Thin blood, if neglected, will sooner or later result in serious illness. It may develop into persistent anemia, consumption, rheumatism, or it may result in a nervous disorder such as partial paralysis. The remedy is to build up the blood and there is no blood builder to compare with Dr. Williams' Pink Pills for Pale People.

A valuable booklet, "Diseases of the Blood," containing helpful information will be sent upon request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## COUNCIL AXE OUT FOR LOCAL FOWLS

Oakland Law Makers Would Stop Chickens From Crossing Road.

People annoyed by their neighbors' chickens and ducks are to be afforded relief if the ordinance now recommended to the action of the city council by the ordinance and judiciary committee of that body is acted upon as recommended.

This ordinance provides that no chickens, ducks or other similar fowls be allowed within 20 feet of a dwelling, church or school, and when a large delegation appeared in the council chamber to be heard upon the measure, urging its passage, the councilmen composing the committee decided to pass up the ordinance to the consideration of the council, without recommendation. The ordinance will be considered at the next council meeting.

The committee also considered a proposed series of five ordinances providing for the storage of gasoline and other inflammable substances within the city limits, which measures were put forward by the board of fire underwriters, and because that body would not consent to pay the cost of their printing, which would be in the neighborhood of \$500, the committee laid the consideration of the measures over until after July 1, when they will be re-introduced, and when the new city may consent to pay the cost of printing.

An ordinance to provide for keeping in a sanitary and inoffensive condition garbage wagons and similar vehicles was also put over for the new council to consider.

## \$6000 SAVED ON LIGHT BILL

City to Pay \$125,000 a Year for Illumination and Power.

By reductions in the schedule of prices on light and power furnished the city, more than \$6000 will be saved to the municipal treasury for the coming fiscal year. The reductions are worked on bids accepted by the city council from the Oakland Gas, Light and Heat Company.

It is probable that the money thus saved will be used by the city to provide more lights in districts in need of better illumination. The lighting bill of the municipality, according to City Electrician George E. Babcock, for the current fiscal year will approach \$125,000.

The changes in the schedule will work reductions to the city in the cost of gas, light, electricity, gas, light and power for the pumping station and other plants. The company filed a certified check for \$17,500 to cover 10 per cent of the bid, and permission was granted to the company by recommendation of the committee to substitute a satisfactory bond for this.

## WANT \$750 FOR ELECTRIC BUILDING

Auditing and Finance Committee to Make Recommendation.

The auditing and finance committee of the city council at its regular meeting last night recommended that the council sitting as a whole on next Monday night appropriate \$750 for electric fixtures for the lighting of the new electric building of the city, situated at Thirteenth and Oak streets. These fixtures will complete the furnishing of the building.

The building and its equipment and the underground conduit police an fire telephone an telegraph system was constructed and put in at the cost of \$88,000, in all, and the installation of these fixtures will mark the completion of the entire work. The expenditure of this money was recommended to the committee by George Babcock, city electrician, whose headquarters the new building now is.

## PLAN CROSSINGS FOR LOCAL THOROUGHFARES

The auditing and finance committee last night recommended to the city council a proposition for the bituminizing of crossings on Eighth and Sixteenth streets from Market street west to Wood street. The proposition is that the city will construct these crossings provided the property holders along these streets in the sections named will pay for the pavement of the streets.

These streets are important thoroughfares, in the estimation of the committee, and the recommendation to the council reads that that body instruct the city engineer to prepare plans and specifications for the work. The owners of the property fronting on the streets named have already expressed their willingness to do their share of the work.

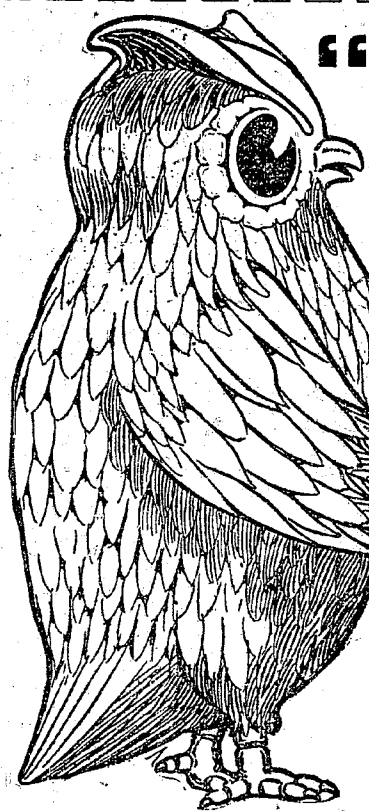

## INCREASE IN INCOME OF PACIFIC MAIL CO.

BOSTON, Mass. June 2.—The preliminary report of the Pacific Mail steamship company for the fiscal year ended April 30 last has been issued. The income account is as follows:

Total receipts \$4,974,819, Increase \$121,445; total disbursements \$4,819,638, Increase \$104,490; net income \$155,181, Increase \$16,956; depreciation and general extraordinary repairs of steamers \$554,450, Increase \$155; deficit \$199,278, Increase \$153,000.

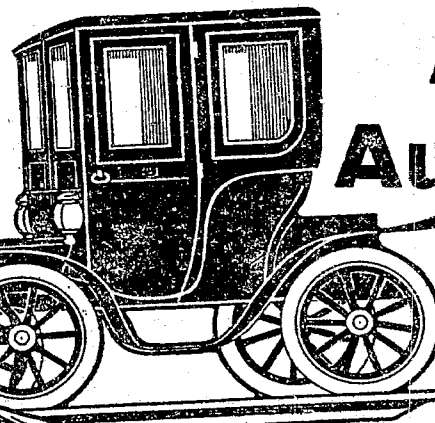

At the annual stockholders' meeting of the Pacific Mail steamship company William G. Rockefeller and M. L. Schiff were elected directors.

**BUSINESS OUTLOOK BAD.** BUFFALO, N. Y., June 2.—With twenty big freighters swinging idly behind the breakwater, owing to scarcity of cargoes and a heavy reduction in the number of boats in commission, shipping interests are taking a pessimistic view of the outlook for the season's business on the Great Lakes.

How long does it take you to reach your home in Alameda or Berkeley? Yet this short ride of twenty-six minutes takes you entirely out of the fog belt. Just visit Burlingame next Sunday and note the luxurious growth of flowers, gigantic palms and even orange trees. It will give you some idea of the climate of that part of the Peninsula.

Burlingame has grown in a short time from a mere railroad station for the wealthy to a city of more than 2500 inhabitants, nearly all commuters, just because of the advantages above enumerated. Now the Peninsula is at the threshold of new and vast development.

The activity due to the Great Exposition.

## No Ferries—No Fogs

The construction of a new and fast electric train service with reduced fares.

The erection of a new central terminal in San Francisco.

The publicity due to such active bodies as the San Mateo County Development Board. The completion of the Great Panama Canal—

will all combine to give the Peninsula the greatest legitimate and lasting development in the history of the State.

Come out tomorrow and look over the most beautiful section on the Peninsula—the

## BURLINGAME Foothills

back of "Easton" station. You will enjoy a splendid outing in a

place famous for its climate and beautiful surroundings. Scores of beautiful residences surrounded with lawns and flowers will give you an idea of what can be done with a little money in the way of building an ideal home. Easton is ready for your architect and contractor. Every improvement you have in the city is complete. All lots have a 50-foot frontage. Prices are low, but they positively will not remain so. In a short time you will either be glad you bought or sorry you didn't buy. It's up to you.

## Come Out Tomorrow

Take any car and transfer to San Mateo Electric (most people prefer the car for a single trip) or take Southern Pacific trains at Third and Townsend, 10:40, 11:40 and 2:05 are convenient trains. Get off at EASTON STATION. Our representatives will meet you and give you all the information you desire; but you won't be urged to buy. The BURLINGAME FOOTHILLS, the beautiful homes surrounded with flowers speak for themselves.

A splendid book about Burlingame is now ready. Write or telephone to our office for it.

Be Sure to Get Off the Cars at EASTON STATION

For further information call or write to Easton Addition, Rooms 224, 225, 226, 227 Mills Building.

### TAFT SEEKS FUNDS TO SAVE IMPERIAL

WASHINGTON, June 2.—President Taft is going to send a message to congress for an additional appropriation to save the Imperial valley. C. E. Grunsky arrived here yesterday to attend a conference to be held by Chief of Engineers Marshall with a view to revising plans for repelling the break in the Colorado river levee, which threatens to undo the work done to save the valley. J. A. Ockerson, the engineer in charge.

F. H. Newell, chief of the reclamation service, and General H. Gray Otis will be the other conferees. Their conclusions will be used as the basis for the president's recommendation to congress.

### ABOLISH "VICE SQUAD."

NEW YORK, June 2.—The "vice squad" of the New York Police Department, which has been the moving force in many recent investigations and sensational raids upon gambling and other resorts during the last few months, is to be abolished as part of the reorganization now under way.

### INCOME GIVEN TO FIANCEE OF PEABODY

BOSTON, June 2.—Miss Edith Deacon, one of the beautiful Deacon sisters, known on two continents as the "Three Graces," will not suffer for her long and unrelenting vigil at the bedside of her fiancé, George Lee Peabody, banker, and member of the distinguished Massachusetts family. It is learned that the Peabodys have shown their affection and sympathy for Miss Deacon by making over to her an income for life, sufficient to render her entirely independent. That Peabody intended to leave his entire fortune to his fiancée, but did not do so owing to his physical inability to sign the will, is the statement of his relatives.

### RACE IN FLUME BOAT TO SAVE MAN'S FOOT

RED BLUFF, June 2.—In an effort to save the foot of Carl Nolan, an injured employee of the Diamond match company, Doctor Cornell of Lyonville made a 30-mile night trip with his patient in a flume boat Tuesday night. It was a perilous voyage, as the water runs swiftly in the flume and there are a number of curves. The boat would hold only the two and Doctor Cornell had to guide it. Nolan is in a local hospital today.

## OWES HER HEALTH

To Lydia E. Pinkham's  
Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."

—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 8.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

## REFUSES TO PAY AN ALLOWANCE TO S. P. C. A.

City Auditor Gross Bases His Denial of Claim On Irregular Procedure.

### DECLARES COUNCIL ACTED WITHOUT DUE AUTHORITY

The Oakland Society's Monthly \$100 Held Up by Local Official.

City Auditor George E. Gross returned three claims to the council committee on auditing and finance last night as he had refused to pay them on account of irregularities. They were in favor of the Oakland Society for the Prevention of Cruelty to Animals. In the communication returning the claims to the committee, unpaid Auditor Gross expresses the opinion that two of the claims, each for \$100, were approved by the council without due authority. The auditor was referred to the city attorney for an opinion.

Some months ago the S. P. C. A. asked for an appropriation of \$100 a month to aid in its work. This was granted by the committee, and passed by the council. It is the opinion of the auditor that the council could not legally give this aid to the society.

### AUDITOR'S LETTER.

The letter from the auditor follows: City Council, City of Oakland. Gentlemen—Believing the city council without authority to make an appropriation of the character involved in two of the three enclosed demands, I am returning them to you without my approval.

Each claim is drawn in favor of the Oakland Society for the Prevention of Cruelty to Animals for \$100, payment being asked under authority of Resolution 27,763, adopted by you on March 6, 1911.

The third demand in favor of the same organization for \$5 was passed by you April 17, 1911, and is rejected in the belief that the fine collected belongs to the city, the offender, C. Basso, after his arrest by Regularly, Officer, having entered a plea of guilty. As I understand Section 607 of the Civil Code the Society for the Prevention of Cruelty to Animals is not entitled to the fine as this conviction was secured by authorized employees of the city.

Respectfully yours,  
GEORGE E. GROSS,  
City Auditor.

## ROOSEVELT GIVES CURE FOR TRUSTS

"Standard Oil Decision---and After" Is His Subject.

NEW YORK, June 2.—Theodore Roosevelt has an article on "The Standard Oil Decision---and After," in the "Outlook."

His opinion is: "What is urgently needed is the enactment of a far-reaching legislation which shall put the interstate business corporations of the type of the Standard Oil Company, the sugar trust, the steel trust and the like, at least as completely under the control and regulation of the government in each and every respect as the interstate railways are now put."

"To break up the Standard Oil Company, as the recent decision has broken it up, does a certain amount of good; but it does not do anything like the amount of good that would be achieved from the standpoint of the public if the proper governmental body were given the same supervision and control over it as the Interstate Commerce Commission has established over certain railroads of the country."

"It may well be that in the end government of these great interstate corporations may have to go much further than indicated by the present government control over the railways, but in any event, the only possible satisfactory method of dealing with these great corporations of a monopolistic trend, which are not railways, is to follow the lines along which the nation has gone in dealing with those of them which are railways, altering and developing the policy as conditions and events shall justify."

"Our prime object must be to have the regulation accomplished by continuous administrative action, and not by necessarily intermittent law."

### LICENSE TRANSFERS GRANTED BY COUNCIL

Three liquor license transfers were under consideration by the license committee of the city council. The notices having been posted and applicants cited to appear, no protests were entered and the committee recommended to the city council that the transfers be granted as follows:

### TRANSFERS.

Dutra, A. F. & De Bruin, Frank D., 757 Willow street, saloon. Successor to A. F. Dutra.

Green, Chas. & Hofmann, Louis C., 302 Washington street, saloon and grill. Successor to Henry Hennings.

Hearn, J. M., & Eudd, E. S., 561 Park avenue, retail liquor store and bar. Successors to J. H. and J. M. Hearn.

### ELKS OF ALAMEDA COUNTY TO DEFY SEA SICKNESS

The Elks lodges of this city, Berkeley and Alameda will join in an excursion on the palatial steamer Yale, to Los Angeles, and return on Friday, August 4, returning at 9 o'clock on the following Monday morning. Arrangements for the outing are in the hands of William Varcoe of Alameda lodge; Roy Hand of Berkeley lodge and Max Horvinski of the local organization. One deck of the steamer will be retained for the members of the order and their families, who will compose the party. They will reach Los Angeles at 11 o'clock Saturday, August 5, and leave there at 2 o'clock Sunday afternoon. The time spent in Los Angeles will be devoted to sightseeing and pleasure of various kinds. Special programs for the entertainment of the excursionists while en route are now being made.

Narrow gauge train, leaving San Francisco 2:45 p. m., Saturdays only, will run through to Cazadero, returning from there Monday mornings, arriving San Francisco 10:35 a. m. On Sundays there will be a late train from Russian River points, arriving San Francisco 9:05 p. m.

## SUICIDE ADOPTS SHOCKING PLAN

New England Farmer Makes 12-Year-Old Son His Murderer.

GREENWICH, Conn., June 2.—Fred Husted, a prosperous farmer of North Greenwich, ended his life yesterday by inducing his twelve-year-old son to fire off a shotgun that blew out Husted's brains.

Edward Allan Poe, in all the vagaries of his strange imagination, did not conceive an act so shocking to human sensibility as that of Husted. The many people who knew him in the vicinity as a hard working farmer who had made his way to wealth despite adversity, people who millaire aristocrats to humble farm hands, have scarcely any other topic for conversation than the tragedy.

Lester Husted, the unhappy farmer's son barely realizes what has occurred. He is too young to understand that, through no intention of his own, he is a parricide, and Mrs. Husted cannot be consoled. She feels that had she stayed home instead of going on an errand her husband would be alive.

### DECEIVES FAMILY.

Husted woke from a nap yesterday and complaining that he did not feel well enough to go to market with some eggs, sent his wife to ask a neighbor to take the eggs with his own.

Mrs. Husted demurred at first, feeling that she ought to stay when her husband was not feeling well, because ever since last December, when he had the grip, her husband's condition had given her some alarm. After she had gone Husted, sitting on the back porch, called his son Lester.

"Did you see that big hawk over the chicken run?" he asked. The boy said he had seen no hawk.

"Well, I just saw it," said Husted, and I guess he's after our chickens. I'll get my gun and fix him if he appears again."

Husted kept a double-barrelled shotgun in the kitchen always loaded. Taking it from its corner he laid it across a table, first pretending to examine the hammer.

"Sonny," he said to Lester, "When I give the word just pull back both triggers and let them go; I want to see how she's working."

"But it's loaded, daddy, ain't it?" said the boy.

"No, son, it's not loaded," I just want to see if the barrels are clear. When I give you word, just pull the triggers, and let 'em go."

Husted knelt on the kitchen floor, took hold of the end of the shotgun and, closing one eye, looked into the muzzle of one barrel.

"Fire away, Lester," he called. But the boy hesitated.

"Please, dad," he began. "It's all right, Lester don't be afraid. She's not loaded," said the farmer. The boy fingered one trigger, but he kept his little thumb hooked over the hammer and it fell harmlessly. Husted got up, pulled back the hammers, knelt down, looked again into one of the barrels and bade the boy pull the triggers once more.

No longer doubting his father's word that the gun was unloaded, Lester pulled one of the triggers. There was an explosion, the gun jumped back, almost knocking the lad down; and the father lay lifeless on the floor.

### BOY RAN FOR HELP.

Wild with fright Lester Husted ran to the nearest farmhouse and told Daniel Ryan, its occupant, he had killed his father. Ryan thought the boy delirious and Lester had to beg him to come to the house. Ryan telephoned the news to the neighbor's house where Mrs. Husted had gone.

When the wife reached her home she was prostrated, insisted she was to blame because she should not have left her husband, and when the coroner's medical examiner arrived his services were first given to Mrs. Husted.

A verdict of suicide was rendered by the coroner's jury that inquired into the matter. In answer to questions concerning her husband's state of health, Mrs. Husted said that he had never acted quite normally since the attack of grip. Little Lester, red-eyed and grief-stricken asserted the coroner that he would never have pulled the trigger had his father not made him feel certain the gun was not loaded. The lad's sorrow brought tears to the eyes of the jury, and the coroner bade him be of good heart; that nobody blamed him.

Directly across the road from Husted's eighty-acre farm is the estate of Mrs. George E. Nichols of New York. Mrs. Nichols expressed the keenest sympathy for the boy and Mrs. Husted.

**IS 84, BUT TIRED OF LIFE OF EASE**

Seattle Man Decides on Building Bungalows As Relief From Idleness.

CENTRALIA, Wash., June 2.—Straight as an Indian, clear-eyed and the picture of health, J. A. Daugherty of Seattle has just settled in Centralia, where he intends engaging in the contracting business.

Mr. Daugherty has amassed a comfortable fortune during his long and active life and has retired twice, as a concession to his advanced age, but finding himself old in years only, and unable quite to sit down and rest, he is starting once more in active work.

Mr. Daugherty is making plans to build a number of bungalows in the suburbs of Centralia and has a record of building more houses than any individual building contractor in the State.

**ONE LEGGED CHALLENGE.** MINNEAPOLIS, June 2.—A challenge to all one-legged men in the country to participate in an endurance foot race from Minneapolis to St. Louis, beginning April 2, has been issued by Harry Meyers of this city. He has begun training.

Meyers has been trying out a new artificial racing leg. He thinks the record he plans to make will cause many sound men to hustle to equal it.

Contestants who take up his proposition must deposit a side bet of \$1000 each. He said today he hoped there would be at least twenty.

The walk is to be over the route of the Minneapolis and St. Louis railroad. There are to be no handicaps. Strict rules will not be observed, however, except to make sure that no contestant rides.

## FOR SALE

This modern, five-room bungalow; lot 50x195. Price, \$3,000; \$200 cash, balance \$25 a month. Also a number of other houses and bungalows located in Melrose Heights.

Melrose Heights is rapidly developing into one of the best suburban sections of Oakland. The new S. P. electric line passes directly through the tract. The Traction Company have recently secured a franchise which will also run the entire length of the tract.

The John C. Fremont High School, the Melrose Heights Grammar School and Mills College are all within a short walk of any lot on the tract. Every lot in Melrose Heights is on high sloping ground. Several of the houses we have here for sale have six, seven and eight rooms and are located on the famous Foothill Boulevard which passes through the tract.

There is no possible reason why you should continue to pay rent when you can buy a home so well located as this on such easy terms.

Take East 14th Street car line and get off at 50th Avenue, walk two blocks to the tract office, or telephone and let us take you out in one of our automobiles and show you this property. Going out with us places you under no obligation.

# Society

**M**RS. JACOB GREEN JACKSON was hostess to-day at an informal but very delightful afternoon which she gave at her home on Twenty-sixth avenue, when she made Mrs. Charles Wheeler the guest of honor. Mrs. Wheeler, who was Miss Edith McElrath, a former belle here, returned last week for a visit to her old home. She has been living in Portland and this is her first visit to Oakland. She is being welcomed by a wide circle of friends. Among those who gathered at Mrs. Jackson's this afternoon were Miss Kate McElrath, Miss Madeline Clay, Mrs. Frederick Farnum, Miss Mary Riley of Berkeley, Miss Mullen, Miss Sue Harrold, Miss Evelyn Adams.

**MISS MARY KEENEY PETER.** Miss Mary Keene is being the most feted of bride-elects. Yesterday Miss Marion Zelle entertained in her honor at a luncheon in San Francisco. Last night Mrs. Walter Marvin gave a smart dinner for her at her beautiful Burlingame home, at which Miss Keene and her fiancé, Talbot Walker, were the guests of honor.

Next Tuesday Mrs. Eleanor Martin will be hostess at a dinner for the bride-to-be and her wedding attendants, and on the following Tuesday Miss Agnes Tillman will entertain her.

Miss Keene has a wide circle of friends in this city and will be entertained here a little later in the month.

**LEAVE FOR MOUNTAINS.** Mrs. Charles Farfar Cobbledick and family leave this week to spend the summer among the pines of Placer county.

**ENTERTAINS CLUB MEMBERS.** Miss Georgia Quinn and Miss Eva Churchill entertained the members of the G. G. Club on Wednesday evening at the Quinn family residence on Willow street. Guessing contests and a laughable tack-driving competition furnished the entertainment features for the evening. Enchantress carnations were used in the decoration of the rooms and the pink color scheme was also carried out in the supper table, with flowers and hand-painted place cards, making altogether a very pretty effect. Among those present were Misses Bessie Garvan, Edie Reidy, Blanche Louden, Lillian Johnson, Mamie Clause, Lizzie Taylor, Josephine Enright and Mrs. Charles B. Hood.

There will be only one more meeting of this club before adjourning for the summer months arrangements are well under way for a closing dance to be held on July 1.

**HUGH WEBSTERS TO DEPART.** Mr. and Mrs. Hugh McCall Webster and their family will leave tomorrow for Idlewild, where they will spend the coming fortnight. They will then return to Oakland for a day or two and will leave again for Placer county. Mrs. Webster is one of the best liked matrons in society.

**HOUSE-WARMING TOMORROW.** Mr. and Mrs. Robert Bendle will give a house-warming tomorrow evening at their handsome new home in Claremont avenue. The affair will be elaborately appointed and the guests asked to enjoy the evening's pleasure are Mr. and Mrs. Robert Beal, Mr. and Mrs. Beynon, Mr. and Mrs. W. Dunlap, Mr. and Mrs. J. McVilly, Mr. and Mrs. Lighthouse, Mr. and Mrs. Miller and daughter, Otto Morgan, J. Fitzsimmons, Mr. and Mrs. Gene Martin, J. Eslick, Mr. and Mrs. George Bellatino, Mr. and Mrs. Mitchell, Mr. and Mrs. Hewitt, Mr. and Mrs. Murray and daughter, George Neenan, R. T. Hawley, Mr. and Mrs. G. Short, Mr. Scabold, Mr. and Mrs. Willis, F. K. Morrison, Mr. and Mrs. Bristow, Mr. T. Brown, Mr. and Mrs. Dokes, Mr. Thompson, Mr. Dodson, Mr. and Mrs.

**The Kayser's Glove**

**You Make It Plain—**  
that you know the best silk glove made when you ask for "Kayser's" and insist on seeing the "name in the hem," and to offer you the "just as good kind" would be useless.

## WOMEN IN THE NEWS

### GILDED YOUTH TELLS HOW LUSTER WORE OFF

**Bernard Oscar Velguth Details Wild Career With Affinity.**

**P**ORTLAND, Ore., June 2.—The ways whereby a "gilded youth" may spend several thousand dollars in four months in "entertaining an inamorata" were told by Bernard Oscar Velguth during the trial of a divorce case instituted by Velguth against Nadine Grace Velguth, a professional beauty, whom he married in 1906 after a courtship of a few months. Automobile rides daily, champagne and other entertainment at the roadhouses nearly every night, a \$300 diamond and silk clothing for the lady of his choice and lavish entertainment of every sort were detailed. An unsuccessful attempt to secure a special train for a night run from Seattle to Portland in order to show up promptly at his wife in the morning gives some indication of the manner of his expenditures. In the meantime, Velguth was working for the Portland Gas Company on a salary of \$80 a month, according to his statement. His first came to an end when he was arrested September 10, 1906, on a charge of embezzling several thousand dollars from the company. In order to escape testifying against him, he said, the then Nadine Nichols of Seattle to marry him, and as he was at liberty on bail, the two took an automobile tour to Oregon City and were married.

Subsequently, Velguth testified, he served a year in the penitentiary and then went down to live with his wife but she clung to her penchant for the white lights and the sparkling wine until he was forced to sue for divorce.

Mrs. Velguth was in court, and laughed merrily when her husband was grilled by the attorneys.

### Miss Mannering Weds

**NEW YORK, June 2.**—Mary Mannering, the actress who divorced James K. Hackett April 19, 1910, was married yesterday in her apartments to Frederick E. Wadsworth of Detroit. Wadsworth, who has a boat-building plant on the Detroit river, is rated as one of the wealthy men of Michigan. Rev. Dr. Frank Oliver Hall, pastor of The Church of Divine Paternity, performed the ceremony shortly after noon. Miss Mannering's daughter, Elise Mannering Hickett, aged 6 years, was present, and so were Mrs. Wadsworth's children, Helen, aged 15, and Horace, aged 12.

Wadsworth, as well as Miss Mannering, filed their divorce records upon applying for a marriage certificate at the office of the deputy city clerk early yesterday. Wadsworth gave his age as 32 years, and his residence as Grasse Point Farm, Mich., and his business as manufacturer. He was born in Durham, Conn., and is the son of James W. Wadsworth of Durham. The record filed by Wadsworth today shows that his wife, Luella Peck, divorced him on the ground of cruelty at Kalamazoo, Mich., in July, 1909.

They were interested in the marriage, as both young people are well known. The bride is a cousin of Mrs. Phoebe A. Hearst and has been much sought after. Fletcher is a graduate of the University of California and is a member of the Bohemian Club of San Francisco.

Clusters of pink and white roses were combined in the house decorations and the same colors were used in the gowns of the bridal party. The service was read in a bower of ferns and St. Joseph lilies.

The Jewish-Whittington marriage was solemnized in the First Congregational Church with much pomp and ceremony. Especially beautiful were the gowns of the bridal party.

The reception followed the wedding at the family home in Berkeley, after which the couple departed on their honeymoon. The marriage of Miss Fay Chapman and David E. Oliphant, Jr., was celebrated by 200 guests at the home of Mrs. Florence Wells on Vernon heights. The bridegroom was especially handsome, being of white skin, made in the empire mode, with an arrangement of rose point lace and pearl trimming adorning the train, while the bodice was also trimmed in rose point. The tulle veil was fashioned in the popular and becoming Juliet cap style.

Mr. and Mrs. Oliphant will spend their honeymoon in Europe. Henry Edward Westbrook claimed Miss May Palmer as his bride last evening at a quiet but richly appointed home ceremony. Quantities of Killarney roses and sweet peas transformed the family home of the George Palmers in Alameda into a veritable bower. Westbrook will take his bride to Del Norte, where they will make their home for a time. Mrs. Jean Howard Schoonmaker and Duncan McDuffie were married last night at a simply appointed wedding at the home of the bride's parents, Mr. and Mrs. John L. Howard, in Vernon street. Upon their return from Europe, where they will go shortly, they will occupy a handsome home in Claremont.

## LOBBY COMES HIGH IN NEW HAMPSHIRE

**Legislative Agents Forced to File List of Their Expenses.**

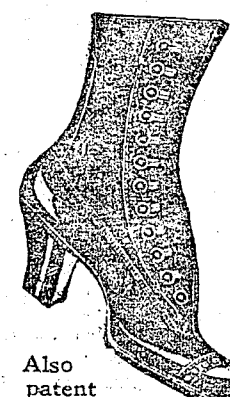

**CONCORD, N. H., June 2.**—In accordance with the provisions of a law enacted in 1909, which required the New Hampshire Legislature of 1911 to cause to be registered all "legislative agents" and agents from them a statement of their fees and expenses during the session, a tabulation has been made public by the Secretary of State showing that 103 legislative agents received for their services at the session just closed \$25,700. Their expenses were \$11,361.63.

The Boston and Maine Railroad is represented in the list by seven attorneys. On the railroad rate investigation, received each \$1000, while Louis D. Brandeis of Boston received no compensation, but was paid \$35 for expenses.

1910, the court granting to her the custody of the two children.

### Rock Pile for Masher

**LOS ANGELES, June 2.**—John Elbert, a dapper cigar store lounge, was convicted yesterday of having accosted a woman with whom he was not acquainted and was sentenced by Justice Frederickson to sixty days on the chain gang. Elbert is the third "masher" to receive this sentence in the last month, the court stipulating in each case that the offender must wear ball and chain and be kept at work on the streets.

### Actress Collapses

**SAN FRANCISCO, June 2.**—Miss May Robson, the comedienne, under a nervous strain from overwork, suffered a collapse last night while playing "The Rejuvenation of Aunt Mary" at the Savoy, which necessitated a discontinuance of the performance in the middle of the first act. She was immediately removed to her apartments at the Granada hotel, where she improved to such an extent that she announced her determination of appearing at the theater tonight.

Yesterday afternoon Miss Robson tried out a new comedy, "The Rich Man's Repentance," which she has lately been con-

stantly rehearsing. The strain of this, combined with weakness resulting from an operation in Santa Barbara on April 30, proved too much for her, and, despite her plucky she fainted away on the stage. Fortunately, her husband, Dr. Augustus Brown, chief physician of the New York police department, who had come West to see the premiere of the woman, was able to give prompt aid. Dr. O'Connell was also called into consultation.

### Forgives Elover

**BOSTON, Mass., June 2.**—Following a conference which lasted several days in this city, Mrs. Laura A. Gammans, a wealthy widow who Portland, has finally become reconciled with her son, Nelson Gammans, the Harvard sophomore who eloped last February with Mary Gluffie, the divorced wife of Rufus Gaynor, son of Mayor Gaynor of New York. Young Mr. and Mrs. Gammans, together with Mrs. Gammans, have left for Portland. The marriage last February took place in New York, when young Gammans, who is hardly 19 years of age, journeyed to New York with Miss Gluffie and was married.

Mrs. Gammans, the mother of the bridegroom, declared she would have nothing further to do with her son until he

left his wife. This young Gammans refused to do, and, on account of his mother refusing to give him his allowance, was compelled to quit college and go to work. About a week ago Mrs. Gammans came to this city and the reconciliation followed.

### Letters Fervid

**MILAN, Italy, June 2.**—Authentic copies of the letters that passed between Caruso, the famous tenor, and Pauline Caretti, a charming Sardinian beauty who demands \$50,000 as bail for a broken heart, are before a correspondent. Caruso formed Signorita Caretti's acquaintance here in Signor Sanguinetti's glove store, where she was employed.

Soon, Pauline stoutly asserts, they became betrothed. Realizing her deficiencies she agreed to study French and otherwise fit herself to be his wife. The wedding was to follow within two years, she declares.

Their correspondence was, in turn, hot, tepid and cold. Once she wrote: "Dearest, I dreamed you were by me. Oh, if it only had been so." Caruso was peevish over her spelling and hinted that he had fears that she never would be well enough educated to go into society. His letters became less frequent and finally ceased.

## OAKLAND VOTERS ENDORSE PROPOSED BONDS

ELECTION SURE  
OF BEING  
SUCCESS

Interest in Issue for the New County Hospital Grows Every Day.

Grand Jury's Condemnation Has Effect of Rousing the Voters.

Interest in the coming bond election for the construction of a new county hospital and infirmary is growing steadily as the particulars become better known and as more arguments are advanced in favor of the bond issue.

Many prominent physicians and surgeons have come out, day by day, adding the weight of their influence and experience in such matters in support of the project, with the result that there now seems little doubt that the measure will carry. They have done much by their advocacy of the scheme to overcome the opposition which has existed in certain rural districts of the county, due to a misunderstanding of the bond issue. Moreover, the grand jury's vigorous condemnation of the present dilapidated county infirmary has called attention to the needs for new buildings as nothing else could do.

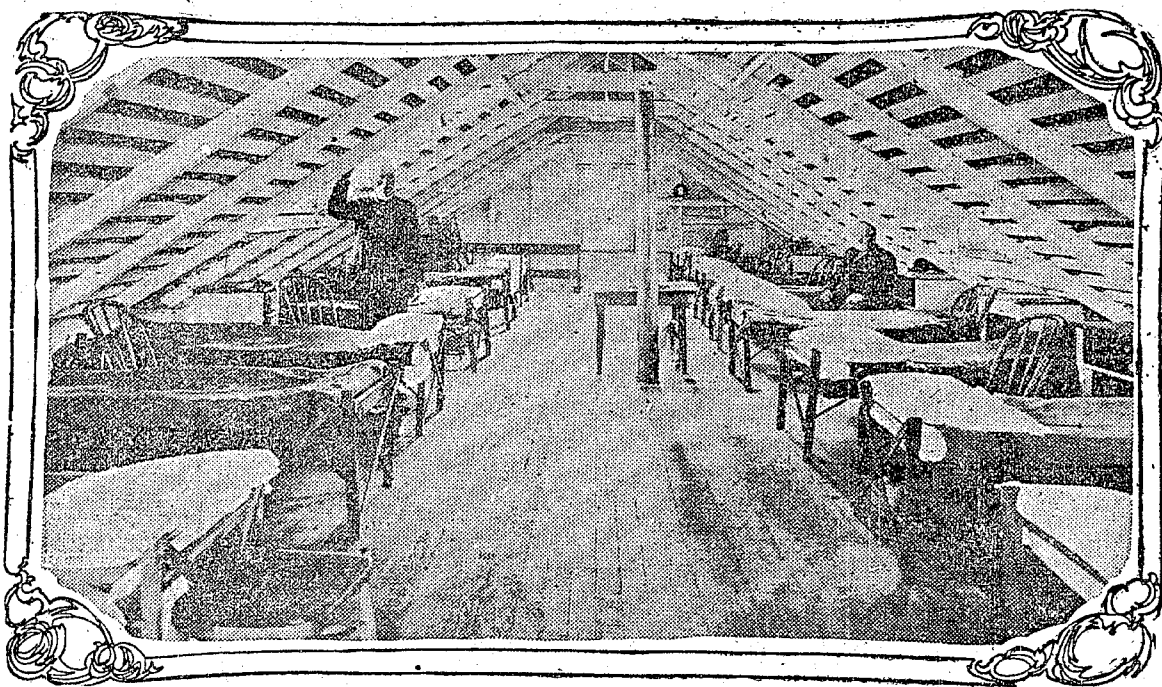

## WOULD SEPARATE "TWO."

At present the infirmary and hospital are two names for one and the same building; under the proposed bond issue the two would become separate buildings, one for the infirmary and the other for the hospital, the hospital being removed within the limits of Oakland. It is this division which has caused a misunderstanding in some minds among the rural districts, for it has been thought that the present location would be abandoned entirely and the entire institution removed within the city limits. With this misapprehension removed it is expected by the advocates of the project that opposition will be greatly reduced.

The condition of the present infirmary and hospital has come in for the most severe condemnation. It is the opinion of those among the physicians who know the conditions there that the building is insanitary and entirely out of date. No criticism has been passed upon the conduct of the institution, but the severest criticism has been leveled at the surroundings in which it is conducted. It is the sentiment of those who know that the buildings are a disgrace to the county and should be replaced by adequate structures at once.

## DOCTORS ENTHUSIASTIC.

Various of the city's physicians have been asked by THE TRIBUNE to set forth their views upon the subject

PHYSICIANS URGE NEW BUILDINGS  
SHOW LACK OF ACCOMMODATIONS

Loft in One of the Ramshackle Structures of the County Infirmary, Where Indigent Wards of Alameda County Are Cared for. It Is to Do Away With Such Reproach that the Supervisors Have Called An Election for Tuesday Next to Authorize the Issuance of \$500,000 in Bonds for Providing a New Infirmary.

of the bond election, among whom were the following:

Dr. H. A. Makinson, Union Savings Bank building, Oakland, said:

"I believe a new building for the county hospital is something which is very badly needed indeed.

"The indigent sick should by all means have every possible care and consideration, and this they cannot get at present. This is through no fault of those in charge at the hospital, but because of the poor equipment with which they have to do, and I am therefore, heartily in favor of the project to build a new hospital."

Dr. E. T. Hosford of 1429 Park street, Alameda, said:

"A new county hospital building is absolutely essential. The one we have at present is far from coming up to the necessary requirements for such a building and its purposes. The equipment of the building itself is all right, but we need a new edifice in which to carry on the necessary work. As a consequence I favor the coming bond election for the purpose."

## DEPLORES NEGLECT.

Dr. H. S. Keyes, Thayer Building, Oakland, said:

"The county certainly cannot afford to neglect the proper care of the poor

who come to its hospital. Too often such neglect is the case. Too often the poorest possible care is taken of these unfortunates. I have seen too many hospitals not even provided with screens and with the flies swarming about the sick, carrying infection. This is a matter of neglect, but this county cannot afford to permit such neglect, which is a disgrace. A suitable building should by all means replace that which we have at present, and I favor the bond issue for that purpose."

## INHUMAN CONDITIONS.

Dr. Mary Delano Fletcher of 2305 1/2 Central avenue, Alameda, said:

"A new county hospital building is absolutely imperative. Conditions existing in the present are dreadful, inhuman. The building is frightfully overcrowded, so that it seems even the walls have been stretched. Such crowding is little short of inhuman, and something must be done to relieve the congestion and other bad conditions."

The Alameda County Tax Association yesterday afternoon at the Chamber of Commerce discussed the pending bond issue of \$500,000 for a new county hospital inside the city limits and a county infirmary to remain on

the site of the present infirmary and hospital in the county road near San Lorenzo junction.

Mark L. Regua, president at the meeting, was addressed by Frank J. Woodward, District Attorney W. H. Donahue, P. J. Crosby and others. No final action was taken.

NOTED PASTORS  
AT CAMP MEETING

The Beulah Park Association Announces Conference for June.

The Beulah Park Association will hold its annual camp meeting at Beulah Park, East Oakland, June 15 to 25. Rev. A. J. Hanson, D. D., of Oakland, is president of the association and W. J. Steele of San Francisco secretary.

Rev. Joseph Smith, who led the camp meeting in former years, will be unable to be present. He has recommended Rev. R. N. McKaig, D. D., of Minnesota, and C. H. Fowler of Southern California, and they have been engaged for the ten days of camp.

Dr. McKaig is a member of the North Minnesota Conference of the Methodist Episcopal Church. He has been successful as pastor, district superintendent and evangelist. C. H. Fowler will lead the singing during the meeting. Rev. Harcourt W. Peck, D. D., superintendent of the Frontier Conference of the Southern California Conference, will be one of the speakers.

Children's and young people's meetings will be conducted by deaconesses from the training school in San Francisco. Several pastors will be among those who will occupy tents on the ground. A. Hays, 1119 Regent street, Alameda, has charge of the department of information.

SEEKING FREEDOM  
BY HABEAS CORPUS

Definite Charge Made Against Scheib in Bathing Murder Mystery.

NEW YORK, June 2.—Henry A. Scheib, the only suspect arrested in the bathing murder case, continued his fight for freedom today. The chauffeur sticks to the story that he knows nothing about how his wife's body came to be in the tub at the flat they had formerly occupied and in a state of decomposition, which indicated that death had occurred four months ago.

Three times freed and four times arrested, Scheib, through his attorney, is seeking to reach the Supreme Court today with another writ of habeas corpus. Now he is held on a definite charge of murder in the first degree, whereas there was no serious charge against him yesterday when the court felt inclined to grant him application for freedom. Since then, however, evidence has accumulated, Conor O'Grady of Springfield, Mass., has identified the prisoner as the man, who, under the name of Hugh Al-lerton Sherman, married his daughter, the bathing victim.

The coroner's physician says he has satisfied himself that the woman was Mrs. Scheib, or "Mrs. Sherman." He has not determined what killed her or whether chemicals were used for the destruction of the body.

Alexander Karlin, counsel for Scheib, today applied to Justice Bischoff for a writ of habeas corpus calling for the production of Scheib in the Supreme Court this afternoon.

OTHERS MAY  
JOIN WATER  
FIGHT

Berkeley May Want Slice of the Peoples Company for Its Own.

IF CITIES UNITE SUIT  
WILL BE SIMPLIFIED

Proposed Condemnation Proceedings Cause Stock to Take a Drop.

It is probable that the precedent set in Oakland toward the acquisition of the Peoples Water Company property by invoking the right of eminent domain, will be followed by other cities. Among the cities likely to follow Oakland are Berkeley and Richmond and probably Piedmont. All of these cities derive water supplies from the Peoples Water Company, and concerted action in the court proceedings would work a division of labor for the municipalities and would also place the water company in the position of defendant in several suits. It might be possible in this manner to induce the company to accept the valuation set by the municipalities upon its plant.

The partition of the Peoples Water Company properties between Oakland and Berkeley could be more easily arranged, it is declared by experts, than the division of the property between Oakland and the corporation. In the case of the two municipalities, the partition of the properties would be by mutual agreement, while the corporation will undoubtedly ask damages as a compensation for the injury done the property not taken as a result of the severance of Oakland alone goes into the courts to condemn.

## MAY HAVE TWO CASES.

If Berkeley starts plans for the condemnation of the Berkeley division of the Peoples Water Company, it is probable that both cases will be called for hearing in the Superior Court of this county at the same time, and will be considered by the court in relation to each other.

Officials of the Peoples Water Company have refused to venture any opinion as to the proposed condemnation to be initiated by the Oakland city council. The old story that the company is willing to sell to the city of Oakland the Oakland division of the property has been reiterated by the officials of the company until they have come to give this answer whenever a question is asked. Questioned about the attitude of the company in face of the council procedure, the officials of the company declare that the corporation is ready to sell, but fail to give any reply to the definite question as to what effect the condemnation

TWO AVIATORS  
FRACTURE  
LEGS

Another Birdman Breaks Hip and Yet Another Breaks Aeroplane.

Chapter of Accidents Attends Air Races in Italy and France.

HYERES, France, June 2.—Lieutenant Lucca of the French army and his passenger, M. Hennequin, had a narrow escape from death today while attempting to conclude the first stage of the Paris-Rome-Turin aeroplane race. Each man sustained a broken leg. The aeroplane was demolished.

The lieutenant was under orders from the ministry of war to accompany the contest on the first leg from Paris to Nice. On leaving Avignon yesterday he lost his way in the fog. Finally, after wandering for a considerable distance out of his course, he landed at Marseilles. This morning the lieutenant resumed his flight toward Nice. He made a superb start and the aeroplane was going well as he passed over this city. A short time later, however, the aviator returned to the aerodrome at Hyeres to adjust his motor. When a short distance from the ground the machine veered sharply and was capsized. The wreckage and sent to the hospital.

VERSAILLES, France, June 2.—M. Gaubert, a French aviator, while making a trial flight with a new aeroplane, was taken from under the wings and sent to the hospital.

Every effort will be made by the city's experts to provide facts and figures before the court, or referee, in the condemnation proceedings to bring the price to be paid for the plant down to a reasonable figure. "Squeezing the water out of valuations" will be the main work of the city experts for several months to come.

## STOCKS TAKE DROP.

The proposed condemnation of a portion, or whole, of the Peoples Water Company plant by the city of Oakland, as presented at the last meeting of the council, has had a decidedly bearish effect on the securities of the water corporation.

Its preferred stock, which previous to the expressed determination of the municipality to acquire a municipal supply of water was quoted around \$58, went begging yesterday for \$53. A few sales recorded were at \$51.50. The common stock which a few days ago was selling on the curb, it being an unlisted security, at from \$3.50 to \$4, was quoted yesterday at from \$2.50 to \$2.75.

There has been a corresponding drop in the bonds.

HOURS

Mrs. Sallie Tripp Is Recovered Alive After Remarkable Experience.

Mother and Two Brothers Are Believed to Have Been Drowned.

M'ALESTER, Ok., June 2.—After floating on a log in a flooded stream for nearly 20 hours, Mrs. Sallie Tripp, who with her mother and two sisters, was swept into the Canadian river by a freshet yesterday, was found today in Gaines creek, two miles above where that stream empties into the Canadian. Her sister was to have been married today. Mrs. Tripp was unconscious. Physicians said she had a chance for recovery.

No trace has been found of Mrs. Tripp's mother and her two younger brothers reported last night from Sapulpa to have been drowned. The family was crossing the river in a wagon at a ford when a wall of water swept them away. Mrs. Tripp's escape from death in the swift current is regarded as hard to explain. She was carried up from the Gaines creek by back water. The damage done to property by high water is small. The water is receding rapidly.

## SMASHES MACHINE.

PISA, Italy, June 2.—Aviator Frey, representing Germany in the 1300-mile Paris to Turin air race, spent the whole of the morning trying to repair his machine for resuming his flight from Pisa to Rome, but was unable to get his motor working properly.

Vidart, who broke the left wing of his aeroplane on making a landing at Cecina, 35 miles south of Pisa, yesterday, returned here today and is awaiting the arrival of a new machine.

### Exercises of Alameda High School Held at Methodist Church.

ALAMEDA, June 2.—Many parents and guests attended the commencement exercises held last evening by the class of June, 1911 of the local high school at the auditorium of the First Methodist church when Sumner Crosby, president of the board of education, presented 33 graduates with their sheepskins.

Following the presentation of diplomas Professor William Conger Morgan of the University of California, addressed the students on "What is the Age of Romance?"

John F. Thomas, president of the class, spoke on "Training for a Race," saying in part:

"Commencement is at once the reward of the short preparatory race and the pause wherein the racer takes stock of himself and summons hidden strength for the race is to end only with his life. We are apparent winners in the first heat; we are runners who have qualified for the finals. In this last long race which we are about to enter it will be shown if our hold the sound and if our win in the first was only by chance."

"The different occupations of life are an endless kind of races and the prize 'success' at the finish of each. There are many events."

"There seems to be three principal rules to these races and to win they must be followed. First, to choose the race one is best fitted for and within one's strength; second, to train carefully for the struggle; and third, when the other two are assured to run the race to the finish remembering that the race tried out to its finish is won with its prize 'success' by the man who has followed these rules."

### MUSIC AND DRAMATIC SCHOOL CLOSES TERM

BERKELEY, June 2.—Closing exercises of the Berkeley Music and Dramatic school were held this evening in the gymnasium of the school.

The program was as follows:

Lantern drill or recitation class; dramatic reading, Miss Georgia Clivens; solo, Vivian Benton; fencing, Italia de Janette; piano solo, Edith Darrah, Sibyl Marston; recitation, Miss Lansing; dances, gymnasium class, Norwegian mountain march, chorus of Dunkirk, ace of diamonds, recitation, Charlotte Frohlinger, Florence Forsyth; recitation, Miss Bryant; piano solo, Varner Clark; basket ball, Monday class vs. Tuesday class.

### DIPLOMAS AWARDED TO NEW TEACHERS

BERKELEY, June 2.—At the graduation exercises held by the Oakland kindergarten training class of 2112 all day diplomas were awarded to fourteen young women.

The graduates are Helen Arnett, Marion Cohen, Rose Anita Durnett, Helen Avery Gale, Grace Jacobs, Florence McKnight, Hazel Merritt, Genevieve Pratt, Erna Charlotte Seeger, Ann Starkweather, Lulu Irene Taylor, Geneva Watson, Winifred Woodward and Sue Starkweather.

### ECHO OF BERKELEY GAMBLING RAID HEARD

BERKELEY, June 2.—There was an echo of Chief of Police Volmer's first Chinese gambling raid, made in 1909, when Attorney G. L. Frick today filed in Judge Edgar's court a Fourth Circuit writ to show cause why J. H. Paull, a bondsman for 14 Chinese arrested for gambling should forfeit \$400 on account of the disappearance of the celestials.

The Superior Court has sustained Judge Edgar's decision and the department warned the management to remove the debris.

### TODD COMPLAINS AGAIN

BERKELEY, June 2.—James M. Todd filed with the police yesterday a complaint against the Delta Upsilon fraternity for throwing rubbish in the gutter in front of his premises, and the department warned the management to remove the debris.

### WALKER, MINNA A. WOLDEMANN, RALPH WHALLEY, VICTOR F. ANDRE, HERBERT EDGAR, ESTHER F. A. EMERSON, GLADYS M. GRIFFIN, ROBERT W. JENNINGS, MARY C. JENSEN, EDWARD P. JENSEN, GRANT B. JOHNSON, ULA SWEENEY, LOIS E. UREN, ALICE C. WALBURG, SARAH E. WELCH AND MERRILL WRIGHT.

## Mrs. A. H. Bergstrom and Daughter to Tour Europe

MRS. A. M. BERGSTROM and MISS RUTH BERGSTROM, who will travel in Europe. —Webster, Photo.

ALAMEDA, June 2.—Mrs. A. H. Bergstrom and Miss Ruth Bergstrom of 319 Santa Clara avenue will leave Monday for Germany and Scandinavia where they will remain five months visiting relatives. They expect to visit many of the unfrequented parts of Europe before their return to this city. They will spend a month in Hamburg and Berlin.

Mrs. Bergstrom is a native of Sweden and has many relatives there whom she will visit. Although making several trips abroad since she has resided in this city, she has not been across for ten years and is anticipating the reunion with her family.

The travelers will sail from New York June 24 on the Kaiserin Augusta Victoria. Miss Ruth Bergstrom has just been graduated from the Glenn Taylor school.

## RELIGIOUS SERVICE A UNIQUE FEATURE AT LAUREL GROVE

Outdoor Sermon to Be Given in Lincoln Park During Big Celebration.

ALAMEDA, June 2.—Sunday religious services in Lincoln Park will be a feature of the four days' celebration to be held in this city to observe the Fourth of July. Rev. Charles A. Alden, of the First Congregational Church of San Francisco, former pastor of the First Baptist Church of New York, will be asked to deliver the sermon on Sunday morning, July 2. An invitation has been sent to Father P. A. Foley of St. Joseph's Catholic church asking him to hold open-air services on July 2.

Dr. F. S. Brush of the First Presbyterian Church, is making arrangements for the religious services.

Kindly mention THE OAKLAND TRIBUNE when dealing with Advertisers. It will be appreciated.

## DR. WHEELER BUSY WHILE IN EAST

University President to Deliver Addresses to Important Gatherings.

UNIVERSITY OF CALIFORNIA, June 2.—President Benjamin H. Wheeler of the university which more than 2000 addresses in the North Pacific and East.

In Portland the University club has planned a dinner in his honor tomorrow evening, at which all alumni of the university will be invited. The arrangements are in charge of Lewis A. Arthur, who is in college and editor of the Daily Californian. The writer and authority on birds and birds life, William H. Finley, also of the Californian, is actively interested in the president's visit.

From Portland Dr. Wheeler will go to Seattle, where he will speak Sunday afternoon at the Queen Anne high school at a meeting of which more than 2000 invitations have been issued.

Sunday evening President Wheeler will take the train for Tacoma, where he will be present at a dinner planned for him by the University of California alumni. On Monday morning he will deliver an address at the University of Washington in Seattle, another at the Broadway high school, and in the evening will attend a dinner of the California alumni.

He will leave Seattle Monday evening for Spokane, where he will attend the bi-monthly meeting of the Chamber of Commerce, speak at a gathering of all the teachers of the city in the afternoon, and address the sympathy of all those with whom he has come in contact at the city hall. Driven by a mania resulting from a nervous breakdown, he attempted to take what he considered justice into his own hands. Aside from this one act of vengeful retaliation, his life has apparently been a quiet one, and his disposition is that of a quiet, home-loving citizen.

Ball was fixed in the sum of \$10,000. This Picard has failed to raise and he will remain in the city prison until after his preliminary examination. The man has aroused the sympathy of all those with whom he has come in contact at the city hall. Driven by a mania resulting from a nervous breakdown, he attempted to take what he considered justice into his own hands. Aside from this one act of vengeful retaliation, his life has apparently been a quiet one, and his disposition is that of a quiet, home-loving citizen.

By Accident Prevents ROBBERY OF PASSENGERS

LODI, June 2.—Conductor A. B. Anderson of the Central California Traction Company's interurban car, which left here just before midnight Tuesday, accidentally prevented the robbery of the car by passengers. With Motorman J. B. Rogers he was taking the car to Stockton, when it was stopped by the power going off near Hubbs Corners. Anderson complied with the order but, vestigate. He was met with the command, "Throw up your hands!" and a man named stepped in front of him. Anderson complied with the order but, Motorman Rogers ran. Anderson turned, stumbled and fell into a hole. The bandit thought the fall was a trick to trap him and, after firing twice at the prostrate trainman, he ran.

## 8625 REALIZED FROM LAWN FETE

Ladies' Relief Society Hears Report on Standing of Organization.

According to reports read by directors of the Ladies' Relief Society at its regular monthly meeting this morning, held in the directors' room of the children's home, about \$625 was realized from the fete held recently in the old Foster house.

During the session Mrs. A. F. Cornwall, one of the members of the nursery committee, announced that the nursery was filled and everything in that department progressing. There are at present 52 children in the children's home of the Ladies' Relief Society and 24 old ladies in the home.

Before the close of the year many improvements will be made on the main building, where the old people are domiciled. In all the departments of the Ladies' Relief Society home the work is progressing.

Miss Matilda Brown, president of the Ladies' Relief Society, expressed her appreciation for the splendid support given by the directors and managers of the home in the recent fete.

## TWINS AGED 20 WED GIRLS OF 15 AND 18

SANTA ROSA, June 2.—A double wedding, with twin brides, was celebrated here. Rev. J. W. Taylor, pastor of the Methodist Episcopal church South, officiating.

Sebastopol and Miss Alice Gertrude Woodbury of the same place, and William W. Driver of Sebastopol and Miss Hazel M. Meyer of San Francisco.

Three of the quartet were under age, and the consent of the mother of the groom twins, Mrs. Sarah E. Driver, was given.

Meyer is only 15 years old, and the consent of her mother, Mrs. Hattie Meyer, was given. The other bride is eighteen.

## RECEIVE PRIZES FOR TEMPERANCE ESSAYS

BERKELEY, June 2.—Harry Dobbs won two prizes from the Women's Christian Temperance Union when he received his diploma from the Berkeley High School at the graduation exercises this evening. He is to be awarded a prize of \$15 from the Alameda County W. C. T. U. and \$10 from the Berkeley Union for having written the best essay on "Temperance." Don Hanford of the eighth grade of the McKinley school received a prize of \$5 from the Berkeley W. C. T. U. this morning for an essay on the same subject.

## MUSIC PUBLISHER DIES OF APOPLEXY

NEW YORK, June 2.—Maurice Shapiro, the music publisher, died of apoplexy before the arrival of the funeral train yesterday at his home here. He was dressing at the time. Shapiro was 65 years old, and is survived by a widow and son.

Shapiro entered the music publishing business 15 years ago. He has published many popular songs, including "Bedelia," "In the Shade of the Old Apple Tree," "All That I Ask of Love," and "You Are the Ideal of My Dreams."

## PROF. MOODY LEAVES

BERKELEY, June 2.—Professor R. O. Moody of the department of anatomy at the University of California, has departed for the east on leave of absence. With his family he will sail Friday for England. In September he will attend the International Tuberculosis Convention at Rome, Italy, and later will visit European universities. He will also spend some time in museums of anatomy.

## 50 STUDENTS TO RECEIVE DIPLOMAS

Exercises for the Richmond Schools to Be Held in the Opera House.

RICHMOND, June 2.—Elaborate graduation exercises will be held here tonight at Opera Hall for the largest number of pupils who ever have been graduated from the grammar schools of Richmond. This number is fifty, and in honor of the occasion the hall has been beautifully decorated. Music for the evening will be furnished by the high school band, and vocal numbers will be given by pupils of the different grades.

The presentation of diplomas will be the main feature of the evening, and this part of the program will be carried out by Superintendent W. T. Helms. Rev. W. M. Biddle will deliver the invocation.

## BERKELEY DAIRYMEN WILL BE LICENSED

BERKELEY, June 2.—Inspection of dairies is now in progress in Berkeley under the provisions of the new milk ordinance which went into effect last month, and following the test licenses will be issued by the board of health on recommendation of Dr. Chester Roadhouse, chief inspector.

## CREDIT SOMETHING NEW

Today's special in our new Pianos is just the same as it was last year—the year before and 33 years before that. It will be the same tomorrow and years hence. Our SPECIAL every day will be: The Best Quality Obtainable Any Place in the World. A price, the lowest possible for consistent, conservative business. We give you more in quality than money can buy at any store the world over. We give you in the Mason & Hamlin Piano the best Piano quality that can be purchased at any amount. Money—brains—experience cannot make a better Piano than the Mason & Hamlin. If it could, the Mason & Hamlin would be better.

This is our opinion and thousands of others think the same. It is worth while for you to form an opinion. Hear the Mason & Hamlin Piano. Remember the full sympathetic tones you have heard. Compare them with any tones produced by any Piano the world over. Do this today. Buy when ready.

A lesser-priced Piano can be bought now and exchanged in three years for full value on a Mason & Hamlin Piano.

We submit our goods on their merits.

We know them to be the best obtainable.

You can judge our prices. We solicit comparison. We are safe in our contentions—the best Pianos at right prices.

1103 WASHINGTON ST. AT 12th

OAKLANDER IS  
HONORED BY THE  
POSTAL CLERKS

ARTHUR L. LOUDER, who is president of State Postoffice Clerks.

A. L. LOUDER IS  
CHOSEN PRESIDENT

Resolutions Adopted Favoring  
Better Working Conditions  
in Offices.

At the seventh annual state convention of California branch No. 14, National Association of Postoffice Clerks, held in San Francisco, Arthur L. Louder, a mailing division clerk of this city, was elected president of the state association for the ensuing year.

Louder has been employed in the Oakland office for the past four years, having been transferred from the railway mail service, where he also served for four years.

When in the former service, as in the Oakland postoffice, Louder has always been active in promoting the interests of his fellow clerks and his election to the presidency is in recognition of such services.

In attendance from the Oakland office at the convention and the banquet at the Hotel Van Dorn were Miss Stella Bolland, Miss M. A. Gerrity, M. M. Seizer, J. T. Deggendorf, J. E. Frescoln and Casper McGinnis.

#### TRY TO BETTER SERVICE.

Many resolutions were presented, adopted and will be carried to the national convention at Jacksonville, Fla., to be held next September. These resolutions aim to better the service and also improve conditions under which clerks have to labor.

The effort of Postmaster General Hitchcock to inaugurate the eight-hour schedule, or forty-eight hours a week, in all first and second-class postoffices, was commended. The desire of postmasters to see that the Postmaster General's wishes are carried out was recognized by the clerks.

Under the present arrangement of the several divisions in the Oakland postoffice no clerk is required to work on an average more than eight hours daily.

Postmaster Paul Schafer has always strived to improve the working condition of clerks under him until at the present time no office in the West can boast of a more satisfactory arrangement of hours.

The date of holding the state convention was changed from May 30 to the second Saturday in June.

Los Angeles was chosen as the next convention city.

#### OFFICERS ELECTED.

Other officers elected were: First vice-president, J. G. Thompson, Los Angeles; second vice-president, C. C. Schuler, Fresno; secretary, Peter Steffenson, Sacramento; treasurer, George P. Feeley, San Francisco; finance committee, W. F. Chambers, Pasadena; D. N. Nerell, San Jose; Ruth Morgan, Stockton; grievance committee, C. J. Martin, chairman, San Francisco.

C. W. Brownell of San Jose was elected delegate to the next national convention.

The following members of the association and guests delivered addresses: Mayor F. H. McCarthy, William F. Burke, assistant postmaster, San Francisco; L. W. Umsted, retiring president of the state branch; William I. Madeira, city postoffice inspector; J. E. Williams, president of Stockton; Thomas M. McKelber, president of San Francisco; Letter Carriers' Association; E. W. Maslin, president United States Civil Service Retirement Association; Royal I. Audd, railway mail service; Herbert Snyder, A. Henry, G. W. Brownell and Harry Mullens.

PRESIDENT LEAVES CAPITAL  
TO SPEAK IN CHICAGO

WASHINGTON, June 2. — President Taft will leave Washington tonight for Chicago, where tomorrow he will make one of the most important speeches of his campaign for Canadian reciprocity before the Western Economic Society.

ENGINE BLOWS UP  
KILLING THREE MEN

NORTH PLATTE, Neb., June 2. — A freight engine on the Union Pacific, six miles west of here, blew up today, killing three trainmen.

INVITED TO NEBRASKA.  
WASHINGTON, June 2. — An invitation to visit Lincoln, Neb., extended by Governor Aldrich and Charles W. Bryan, a brother of William J. Bryan, next September, was taken under advisement today by President Taft.

RESOLUTION READ  
IN LOWER HOUSE

Union of Free Wool and Revenue Tariff Forces Are Discussed.

WASHINGTON, June 2. — The compromise resolution adopted by the Democratic caucus last night bringing about a union of the free wool and revenue tariff forces, came officially before the House today when Chairman Burleson of the Democratic caucus asked that it be read for the benefit of the House.

The resolution follows:  
"Resolved: That the bill revising schedule K, as presented to this caucus by the majority members of the ways and means committee, is not to be construed as an abandonment of any Democratic policy, but in view of the Democratic platform demand for a gradual reduction of the tariff and of the depleted and depleted condition of the public treasury as a result of Republican extravagance, a tariff of 20 per cent ad valorem on raw wool is now proposed as a revenue necessity."

The reference to the abandonment of Democratic principles was greeted with laughter and applause on the Republican side.

Republican discussion of the caucus was presented by objections from the Democrats.

The bill to revise the wool schedule as reported and approved by the Democratic caucus, was introduced in the House today by Representative Underwood and referred to the ways and means committee. It is expected the bill will be reported when the House meets next Tuesday with the favorable recommendation of that committee.

MAY JOIN CITY IN  
WATER MATTER

Hodghead Declares Berkeley  
Would Probably Condemn  
Property.

BERKELEY, June 2. — Whether Berkeley is to join Oakland in the proposed condemnation of the whole or part of the Peoples Water Company's plant is a question which is being discussed in connection with the proceedings looking toward the fixing of water rates in this city.

Mayor Hodghead stated briefly today that Berkeley would probably take action similar to that taken by Oakland in the case of Oakland but he would say no more on the subject. As his administration has less than a month longer to remain in power, it is not believed possible that more than a preliminary move can be made toward acquiring the plant before Mayor-elect J. S. Wilson takes up the reins of government.

#### STUDIES QUESTION.

Wilson declared today that he is studying the water question and investigating sources of supply suggested to him.

"I have no definite plan of action in view," he stated, "but I am anxious to get the water question aggressively next month. We will decide upon the easiest possible solution of the problem."

The result of expert J. H. Dockweiler's examination of the water company's report submitted to the council is being awaited with interest, as the company has indicated that it would not submit to a change in its valuation figures.

HELEN MAR BISHOP  
CASE WITH JURY

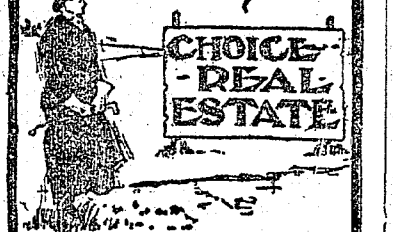

Talimen Deliberating Over the  
Evidence Presented at  
Fraud Trial.

SAN FRANCISCO, June 2. — The case of Helen Mar Bishop, accused of obtaining money under false pretenses, was placed in the hands of the jury shortly before noon today. The aged woman, taking the stand in her own behalf, told of having been in an insane asylum at Sparks, Nev., and of other incidents of her life. She asserted that Charles R. Bishop, vice president of the Bank of California, had paid her \$2000 through a man named Parker, the day prior to her arrest.

Bishop denied knowing Parker, declared that he had never been married to the defendant, had never paid her money, and knew nothing about her. He said his own wife died in 1884.

Assistant District Attorney Berry severely arraigned the prisoner on argument, and her counsel, George Damon, asserted that the \$2000 alleged to have been obtained from General Halsey was ready for him any time he wanted it.

Halsey, in the middle of the speech, called the bluff, presenting his card made out in the form of a promissory note for \$2000 to sign, but the lawyer did not put his name to it at the time.

if you

fail to find in the real estate dealers' advertisements what you may be looking for—write the manager of the real estate department of THE OAKLAND TRIBUNE, Oakland and Alameda County opportunities are abundant.

# Man Stands Out

Why wear a "Hand-me-down" Suit when we offer to make you a "Tailored-to-Order" Suit at the price you would pay for a cheap "Ready-made."

\$19.50

The "ready-made" suit rarely combines all the ideas you seek for in a suit of clothes. How can it? It is fashioned after a pattern—made to nearly fit any one of a thousand men.

\$19.50

Notice the marked sameness about every man that wears a "ready-made."

The man who is individual—who STANDS OUT—is the man who has his clothes MADE TO ORDER—to FIT his own personality.

During this sale every man can afford to wear the BEST MADE-TO-ORDER SUIT.

### YOUNG GIRL IS SAVED FROM FIEND

The Child Has Narrow Escape  
When Seized On Way Home  
From School.

SAN FRANCISCO, June 2. — While returning home from school yesterday afternoon Frances Keeting, 14 years old, of Twenty-third and Potrero avenue, was attacked by a man on Florida street, near Twenty-fourth. The girl is a pupil at the Columbia Grammar School and was hurrying along when the man grabbed hold of her and tried to drag her into a cellar. She screamed and her cries were heard by Matthew Curran of 1134 Hampshire street, who ran to her aid.

The fiend dashed into a building, thence through to the rear and over some back fences and Policemen Naylor and Ritter, although they searched the neighborhood, were unable to find him.

### Sub-Committee Will Be Named Tomorrow

Stated That Immediately There-  
after Lorimer Inquiry Will  
Be Rushed.

WASHINGTON, June 2. — The Senate committee on privileges and elections will meet tomorrow and will choose a subcommittee of eight members to conduct the Lorimer inquiry. It is not believed there will be further debate, as all concerned appear to be anxious that the inquiry shall be undertaken as speedily as possible.

### EMBEZZLEMENT CHARGED.

SAN FRANCISCO, June 2. — Mrs. Mary Sullivan's court this morning charging John Rutherford with embezzling \$1500 on of Mossfield, a benefit entertainment at 500 Macleod street.

### FRAUD CHARGED IN EXTRADITION

Letter to That Effect Sent to  
Governor Johnson by the  
Friends of McNamara.

INDIANAPOLIS, June 2. — Letters were sent today to Governor Johnson of California and Governor Marshall of Indiana, charging fraud in the extradition of John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers, from this city to Los Angeles, where he is held on charges of murder in connection with the alleged dynamiting of the Los Angeles Times building. The letters, signed by James M. Lynch, chairman, and Frank Duffy, secretary of the conference of labor leaders, ask that the governors join in punishing the perpetrators.

The letter charges that District Attorney Fredericks, his assistant, W. J. Ford and Detective Burns, made untrue affidavits to obtain requisition from Governor Johnson for McNamara.

### NO CONFIRMATION OF MURDER REPORT

Manager of S. P. in Mexico  
Has No News of Redo's  
Assassination.

TUCSON, Ariz., June 2. — At the offices of Epes Randolph, vice-president and general manager of the Southern Pacific lines in Mexico, it was said today that nothing had been heard in confirmation of the reported assassination of Governor Redo of Sinaloa. The report was received yesterday, however, that Governor Redo was confined in his own house under guard of rebel soldiers. The telegraph lines of the railroad company are the only ones now working out of Sinaloa.

### MOOSE LODGE AT RICHMOND ENTERTAINS

RICHMOND, June 2. — The local lodge of Moosehead, a benefit entertainment at the Central theater last night, which was largely attended and most successful. Special moving pictures were shown and various specialties were interpolated for the occasion.

### BODY OF FAMOUS COMPOSER CREMATED

LONDON, June 2. — The body of Sir William S. Gilbert, the noted English dramatic author, who died of syncope May 29 while attempting to rescue one of the women of his bathing party at Harewood, was cremated today. All persons prominent in theatrical circles have attended the subsequent burial of the ashes of Stanmore.

### WILL LEAVE BERKELEY FOR HONOLULU TO WED

BERKELEY, June 2. — Miss Lulu E. Johnson, daughter of Mr. and Mrs. Chas. M. Johnson of 2217 Carlton street, will sail on June 15 for Honolulu where she will be married to Theodore McNeill, formerly of Berkeley.

McNeill is an employee of the Kahului railroad company of Honolulu.

### BUMPER COTTON CROP PREDICTED

Indications Point to Increase of  
2,500,000 Bales  
of Product.

WASHINGTON, June 2. — Present indications point to this year's cotton crop as the largest the country ever has produced, according to government experts. The crop will be greater by about 2,500,000 bales than the average and larger by nearly 400,000 bales than the biggest crop the country every raised—that of 1904.

Provided conditions as favorable as those which have prevailed during the last ten years continue this season, there should be harvested this year more than 14,000,000 bales, the previous maximum in 1904 having been 13,500,000 bales and the average for the past ten years 11,500,000 bales.

RUNAWAY GIRL  
QUICKLY TIRES  
OF HER LIBERTY

MISS HAZEL LESLIE,  
whose three days of freedom  
soon palled.

SAN FRANCISCO, June 2.—Three young girls ran away from their homes on Decoration Day, all more or less in the spirit of adventure. One of them, tiring already from the liberty which was hers for a brief period, has returned to the family domicile.

Hazel Leslie, a 16-year-old girl of 1350 Howard street, whose mother, Mrs. M. Leslie, reported her disappearance yesterday, and who left home because she was taken to task for late hours, returned this morning. She had sought employment but had tired of her new work and decided to ask forgiveness.

Inez Joseph, aged 14, is said to have disappeared by a relative, Mrs. May Twigg, 1249 Golden Gate avenue, who reports that the girl ran away with Susie Wittman, aged 17. Inez was attired in a dark blue suit with a hobble skirt and looks old for her years. Her companion is blonde, but a further description of her has not been furnished to the officers.

## CUDAHY CHILDREN

## "FOUND" IN SOUTH

LOS ANGELES, June 2.—It was definitely learned last night from authorities at Ramona Convict that the two Cudahy girls, daughters of Mrs. Jack Cudahy, are at the convent and that the son, Michael, is with the grandmother, Mrs. Michael Cudahy, at Paso Robles. The children were removed from the convent for a few days following the false report that Mrs. Jack Cudahy had been ordered to give up her room at a hotel here, but they were again placed in the convent following Mrs. Cudahy's departure for the east, when she was under the impression that her children had been taken to Chicago.

CANDIDATES NAMED  
FOR RECALL ELECTION

TRACY, June 2.—T. Garner and S. Schmidt are the recall candidates selected to succeed Trustees Abe Grunauer and D. R. Payne. The following committee has been named to circulate the petition. Jake Ebe, Bob Kuhn, M. A. Buck and Karl Miller.

'ECZEMA ITCHED SO  
I COULDN'T STAND IT'

Began by Little Pimples. Scratched Until Blood Came. Kept Getting Worse. Could Not Sleep Nights. Used Cuticura Soap and Ointment and the First Day They Relieved Itching. In 3 Weeks Eczema Cured.

"I suffered with eczema on my neck for about six months, beginning by little pimples breaking out. I kept scratching till the blood came. It kept getting worse. I couldn't sleep nights any more. I kept itching for about a month, then I went to a doctor and got some liquid to take. It seemed as if it was going to get better. The itching stopped for about three days, but when it started again it was worse than before. The eczema itched so badly I couldn't stand it any more. I went to a doctor and he gave me some medicine, but it did no good. We have been having Cuticura Remedies in the house, so I decided to try them. I had been using Cuticura Soap, so I got me a box of Cuticura Ointment and washed the affected part with Cuticura Soap three times a day, and then put the Cuticura Ointment on. The first day I put it on, it relieved me of itching so I could sleep all that night. It took about a week, but I could see the scrub come off. I kept the treatment up for three weeks, and my eczema was cured."

"My brother got his face burned with gunpowder, and he used Cuticura Soap and Ointment. The people all thought he would have scars, but you can't see that he ever had his face burned. It was simply awful to look at before the Cuticura Remedies (Soap and Ointment) cured it." (Signed) Miss Elizabeth Gehrl, Forrest City, Ark., Oct. 16, 1910.

The Cuticura Remedies afford the speediest and most economical treatment for skin troubles. Potter Drug & Chem. Corp., sole props., 139 Columbus Ave., Boston, Mass.

Send free samples of Cuticura Soap and Ointment, with \$2-p. book on skin treatment.

## NOT A 'CURE-ALL'

Separate Remedies, Each Devised for the Treatment of a Particular Ailment.

There is no "cure-all" among the Rexall Remedies. There are different and separate medicines, each one devised for a certain human ailment or a class of ailments closely allied. For instance, Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulency and dyspepsia. They are rich in Bismuth-Subnitrate, Pepsin and Carminative. They are prepared by special processes which perfect and enhance the great remedial value of the new, powerful medicinal agents. This remedy sells for 25 cents, 50 cents and \$1 per package. Every one suffering from stomach disorder should try Rexall Dyspepsia Tablets. Inasmuch as they cost nothing if they do not satisfy.

Remember, the Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and Sans Pablo. Is the only store where these remedies may be obtained and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

'BLUE BIRD' GIVEN  
BY CLUB WOMEN

Maeterlinck's Play Produced by Dramatic Section of Local Society.

Before an assemblage of club and society women, Maeterlinck's "Blue Bird" was presented Wednesday evening by members of the dramatic section of the Oakland Club. The play, written by Maurice Maeterlinck, was produced by the clubwomen who had been rehearsing for many weeks under the direction of Madame Anais Mollere. It was one of the most interesting affairs of the season.

The following was the cast:

MEN COLLAPSE BY  
SCORES ON HIKE

Brigade Suffers From Heat and Scarcity of Water.

GALVESTON, Texas, June 2.—With ambulances filled to capacity and private conveyances pressed into service to carry the sick and footsore, and a record of more than 100 prostrations, the separate brigade of 4000 men, General A. Mills commanding, struck camp at the fifty-mile point on its 500-mile hike from Galveston to Houston and returned.

With the temperature registering from 97 to 106, the column of troops was stretched over a line of three miles, while ordinarily a brigade would march in a one-mile line. The scarcity of water made the men rebellious, and officers were hissed the moment their backs were turned.

Men fell along the road bleeding at the nose and others fell in convulsions, but the hike was pressed on with the thermometer registering higher than it ever has at this season of the year.

The powdered limestone of the macadamized roads gave forth clouds of dust which stifled the parched throats of the soldiers who were too proud to give up until they fell by the wayside, or were pulled from the ranks by regimental surgeons, who did heroic service in trying to reduce the prostrations. At times more was out of line and the men continued to march out of line and the soldiers with feet bleeding from hard roads cursed their officers.

CLOVERDALE SWEPT  
BY \$20,000 BLAZE

SANTA ROSA, June 2.—Fire last night caused a damage of \$20,000 in Cloverdale and destroyed a number of the principal buildings in West street, between Second and Third streets, the main business thoroughfare of the town.

Afraid of causing a panic in the opera house, where the commencement exercises of the High School were being held, the persons who discovered the fire did not turn in an alarm until it had gained considerable headway. The firemen did not arrive until after the exercises were over. Among the places burned were Ed Cooley's furniture store, Sheitford's, Dr. Carleho's residence and a millinery store.

A CHARMING WOMAN  
is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without being a weak, sickly woman who is nervous and irritable. Constipation and kidney poisons are the chief causes of this. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, perfect health. Try them. 50c at Osgood Bros.

NEW HAVEN, Conn., June 2.—The Yale Art School announces that J. H. Halladjen, a student from Anitab, Turkey, is the winner of the Ethel Child Walker prize and the Yale anatomy prize, two of the most coveted awards of the year.

## WHIST PARTY

Saturday night, June 3, will be the opening night of the San Pablo Ave. Whist club at Rice's hall. Fine hand-painted chairs, a prize for every table. Dancing free after the game.

How about a "Good Pair of Shoes," the "Fragrant" kind? Senram, 1003 Broadway.

## REMOVAL NOTICE

## KOHLER &amp; CHASE

412 TWELFTH ST.

SEEK INVENTOR OF  
THOUGHT WAVES

Departure of A. Victor Segno and Affinity Causes Alarm.

LOS ANGELES, June 2.—The clandestine departure from Los Angeles of Mrs. Irene Weitzel and "Professor" A. Victor Segno, whose fame as the originator and dispenser of "thought waves" is world wide, has given rise to grave doubts in the minds of many of his thousands of subscribers—\$5 a year, \$1 for two months—that the "professor" may not be the fountain head of success he claimed to be.

"Thought waves" were rampant today all over the "castle" in North Belmont street among the thirty or forty employees and inmates of the house that the "professor" might never come back to Los Angeles.

"Professor" Segno has written several books, among them one called "How to Live 100 Years." Like his teachings, it is based on the power of "thought waves," and his instructions, if carried out, he claims, will enable man to live on and of indefinitely.

This is the way to live 100 years, according to the "professor".

Sit in a comfortable chair, keep your spine straight and your chin elevated. Then close your eyes and concentrate your thoughts on this bit of wisdom, which, undoubtedly, must have come to the "professor" in a "thought wave".

"The source of perfect youth is within me." Continue this exercise for ten minutes.

ARMED YAQUIS RISE  
TO DEMAND LANDS

TUCSON, Ariz., June 2.—Several hundred well armed Yaqui Indians have mobilized in the Yaqui river delta country and are demanding the restoration of their lands, according to the statement of passengers on the train which arrived here from Mexico yesterday.

The Indians, it is said, began to gather in Corcoran, near Corral, on Sunday night, and Tuesday made a demand for the surrender of the river towns of Esperanza, Bacum, Jori, Toron, Lencho and Fortan, giving the Mexicans three days to surrender them, and the surrounding country into their possession. It is feared, so say the persons bringing the report, that a failure to comply with the demand will bring on another Yaqui war and that many companies of Yaquis in the regular army will desert the standard and join their countrymen in that event.

Plumpness Makes Health  
Thin People Heed This.

If you are too thin; if you are pale and sallow; if what you eat seems not to strengthen you; if your lips and cheeks are colorless; if because your blood is deficient in red corpuscles and disease can easily overcome you, as you have no reserve strength or nourishment to uphold you.

A pharmaceutical product, called 3 grain hypo-nuclease tablets, is much prescribed for these conditions, and if taken for several months, rapidly increases weight and improves the color. Buy in sealed package of any well stocked apothecary shop.

## SALAMBOS ARE HUMAN ARC LIGHTS

### Mystifying Salambos at the Bell This Week in Weird and Startling Exhibitions With the Electric Current

The Salambos at the Bell this week are responsible for an entertainment that is so novel and so interesting that the audience are loth to let them retire at the conclusion of it. Electricity passed through their bodies, emitted from their mouths, while they had only to hold two carbon sticks in their hand, and large, bright arc lights blazed away as if they were a generating plant. How on earth do they manage to blow huge flames from their mouths without suffering an inconvenience? The thing certainly looks great. See for yourself, and wonder with the rest of us. At the Bell this week.

## EDISON'S BATTERY STARTLES SAVANTS

Street Car Systems and Auto Traffic to Be Revolutionized, He Says.

NEW YORK, June 2.—Thomas A. Edison thinks he has now invented a storage battery that will overcome the three main objections to the one now in use—weight, bulk and length of time required to store them. The battery that he has been working on for months is so light that one large enough to run a butcher delivery wagon can be put into a suitcase. It can be charged in four or five minutes, he says. It was at a meeting of the National Electric Light Association this afternoon that Edison let this much and little more be known about the work that has been taking most of his time recently.

It was after the meeting was over that Edison was cornered by newspaper men and seemed really glad to talk. His new battery would revolutionize the present surface car transportation, he thought. Some of his batteries are now being tried out on Twenty-ninth street, cross-town cars, but the new ones cannot be compared with these. The new ones can be stored under the seats. They can be "rushed," he said, when it comes to charging. The full current from an ordinary food wire can be turned on at the end of each trip, and in four minutes the battery can be charged.

The most startling part of what Edison had to say pertained to the use of the new batteries in vehicles. He told of an old delivery cart he turned into an electric motor in no time. All he did was to take off the shafts and install one of the suitcase batteries along with the motor. A ten-minute charge would carry it over fifty miles. The whole cost of the day's deliveries for the average merchant was about 25 cents, he thought.

## STATE PRINTS PRAYERS OF ASSEMBLY CHAPLAIN

SACRAMENTO, June 2.—An innovation in reporting sessions of the California Legislature is marked by the issuance from the State Printing Office of 500 copies of a little book of ninety-six pages entitled "Prayers," by the Rev. Frank Kline Baker, pastor of the First Methodist Church of Sacramento, was chaplain of the 1911 session of the Assembly. The application of the book was directed by resolution of the Assembly.

There are sixty-eight prayers, to each of which Dr. Baker has given a title as well as the date of its utterance.

## YOUNG IS CHOSEN.

CHICAGO, June 2.—Failure of the members of the Chicago Medical Society to agree on a successor to Dr. William A. Evans, former coroner and physician of health, has caused Mayor Harrison to reach over into the government's service and select Dr. Geo. H. Young of the United States Hospital Marine Corps as Chicago's new health commissioner. The appointment will be announced at Monday night's council meeting.

## TRINITY CHURCH SHOWS DEFICIT

The Corporation Falls Behind Despite Enormous Income for the Year.

NEW YORK, June 2.—The annual report of Trinity Church corporation shows that the receipts of the parish for the last year were \$865,000, the largest item being \$750,000 from real estate rents. Few rents were \$16,000. The parish spent \$250,000 for its buildings, \$340,000 for the maintenance of its ten churches and eleven schools and \$167,000 for taxes. The report records a considerable deficit for the year.

Trinity's balance sheet shows that the parish now owns productive property assessed at \$13,700,000. These figures do not include the property used for churches, chapels, schools and burying grounds.

The number of communicants reported is 3600, a slight increase. "Church attendance throughout the parish," says the report, "has shown no falling off, but on the contrary in most of the churches shows a marked increase."

## ELKS TO VISIT BROTHER LODGE

The Local Lodgemen to Confer Degree On Candidate in San Francisco.

The officers and members of Oakland Lodge of Elks will be guests this evening of the San Francisco lodge of the same order and confer the degree on a number of candidates on the other side of the bay. The lodge will be attended by the drill team of the local lodge, under the command of Col. Ritter.

The members of the local lodge will leave by the 7:15 o'clock train this evening from the corner of Fourteenth and Franklin streets. Senator Frank K. Leavitt, who represented this city in the legislature, was State for a number of terms, will be absent a great deal from this city during the coming six months and for that reason has resigned as a member of the board of trustees of Oakland Lodge of Elks. A successor has not been chosen.

## FLAG DAY ASSOCIATION COMPLIMENTED BY TAFT

CHICAGO, June 2.—A telegram of congratulation from President Taft was read at the opening session of the national convention of the American Flag Day Association yesterday. It read:

"The American Flag Day Association deserves the thanks of our people for its endeavors to teach the young proper reverence and love for their flag, and I am glad to wish it the fullest measure of success in its patriotic efforts."

## OAKLAND'S BOYS AND GIRLS

### GRAMMAR SCHOOLS HOLD ANNUAL EXERCISES

In all the grammar schools throughout this city interesting graduation exercises were held this afternoon, when diplomas were awarded to hundreds of boys and girls. The assembly halls of the institutions were filled with friends of the children and their parents. The rooms were decorated with school pennants and flowers.

The Mothers' Club of the Durant school tendered the members of the graduating class a reception this afternoon after the regular exercises.

The following program was given by the pupils in the Longfellow school: Songs "We Are Men Again," "The Wanderer"; address, J. C. Gilson, principal; violin solo, Carl Hansen; songs, "New Hall Columbia," "Clang of the Forge"; piano solo, Hulda Koeppe; swing song, girls of graduating class; boys' chorus, "The Tinker Song"; violin duet, Carl Hansen, Aubert Butour; presentation of diplomas by A. L. Hannaford, president of board of education; songs, "The Happy Miller," "Now the Day is Over."

The graduates were Alva Abel, Edith Bullock, Myrtle Hall, Carl Hansen, Esther Hinkley, Lenora Ingham, Hulda Koeppe, Cecelia Reiter, Leo Rodgers, Lester Ross, Helen Shus and Antoinette Valera.

"The Flower Queen," a cantata, was given in the assembly hall, where ninety-one boys and girls received their diplomas. The exercises were under the direction of Miss Z. W. Potter, organizer of the society.

### ANNUAL INSPECTION MADE OF CADETS

The annual muster and inspection of the First Congressional cadet corps was held at the cadet armory in Market street last evening. Colonel John C. de Wolfe, assistant military instructor of the University of California inspected the company.

The cadet corps has received the new full dress uniforms which were worn for the occasional dance. Colonel de Wolfe inspected the military program, which included muster, inspection, a drill down, and band drilling and maneuvers, under the command of Captain L. N. Cobbleddick. This was the twelfth annual inspection of the cadet corps.

The cadet corps left Oakland Saturday morning for the Yosemite Valley. About 75 will make the trip.

### PORTOLA LAYS CLAIM TO LOW DEATH RATE

PORTOLA, June 2.—This place, a division point on the Western Pacific, with 1000 inhabitants, believes it has the lowest death rate in the United States.

The city has no cemetery and the citizens say that they do not intend to set aside any land for use as a cemetery. In the last eight months there has been one death in Portola, and that from a disease contracted before the patient reached here.

This citizens of Portola say that a like record cannot be shown by any other town of 1000 persons in the United States.

### TEN-YEAR-OLD GIRL WOULD BE NURSE

MILDRED SAVAGE.

Mildred Savage, a 10-year-old pupil in the fourth grade of the Lafayette school, has expressed a desire to become a nurse and has displayed ability along professional lines. Upon graduating from high school she will study nursing.

"I would like to be a nurse," said Mildred yesterday. "I think I will be happier in that work than any other. I am also fond of drawing, but of all the professions I believe that nursing is my choice."

## S.S.S. PERMANENTLY CURES BLOOD POISON

One reason why S. S. S. is so successful in the treatment of Contagious Blood Poison is that this medicine strengthens and builds up the stomach and digestive members while it is purifying the blood. A great many medicines used in treating Contagious Blood Poison are composed largely of mercury and potash, and are recommended to the sufferer because they are intended to dry up or remove the humiliating outward symptoms. But such treatment cannot cure the disease, and its continued use will often so weaken and disorganize the stomach as to make a nervous wreck of the patient. And too, when these mineral medicines are left off the smoldering poison takes on new life and soon the old symptoms of ulcerated mouth and throat, brown, scaly spots, itching, hair, sores and ulcers, etc., return with increased virulence. Then the disease makes more rapid headway because the weakened system offers less resistance to its ravages.

S. S. S. cures Contagious Blood Poison and it does so by purifying the blood and keeping the stomach and digestive members in perfect condition all the while by its fine tonic effects. S. S. S. is a purely vegetable remedy, made entirely of roots, herbs and barks of recognized virtue as blood purifiers. It does not contain a particle of mineral and is therefore absolutely safe for any one. S. S. S. cures on the principle that not only must the poison be removed from the blood, but the circulation must also be enriched and vitalized with nourishing powers. S. S. S. is known everywhere as the greatest of all blood purifiers and a safe, certain cure for Contagious Blood Poison. Home Treatment Book and medical advice free. S. S. S. is for sale at drug stores.

THE SWEET SPECIFIC CO., ATLANTA, GA.

## Do You Love the Trusts Enough to Pay Four Profits on Your Shoes?

Every year the American people pay Millions of Dollars more than they need to for their shoes. They pay **Four Excess Profits**—the Hide Trust's profit, the Leather Trust's profit, profits to the Leather Jobber and the Shoe Jobber.

Endicott-Johnson Shoes are the only Shoes in this country that are free from these four profits.

Endicott, Johnson & Co. buy their hides in the open market of the world. No profits to the Hide Trust. They tan—in their own tanneries—every foot and every pound of leather they put into their shoes. No profits to the Leather Trust and the Leather Jobber.

They sell direct from the factory to your home shoe dealer. No profits to the Shoe Jobber. Endicott-Johnson shoes reach your feet 50 cents to \$1 cheaper than any other shoes of the same appearance and style.

And what is better—you'll get more service out of Endicott-Johnson shoes than you ever bought for the same money—because the leather is there, and that means everything in a shoe.

For dress and business wear, ask for the **ENDWELL** (Goodyear Welt) line—retailing at \$3, \$3.50 and \$4.

ENDWELL Shoes give you all the little niceties of the latest shoe modes—your choice of two hundred styles—Shoes and Oxfords—lace and button—full variety of lasts and widths of toe—all the colors of leather.

Remember the name—stamped in every shoe.

# ENDWELL

Dorman's, 834-838 Broadway

Shoe buyers who live outside the city where this paper is published can learn the names of their home dealers who carry ENDWELL shoes by writing to Endicott, Johnson & Co., Endicott, N. Y.

## LIBRARIANS SPEND DAY IN OAKLAND

More Than 150 Delegates to Recent Convention See City.

More than 150 librarians from every part of the United States were the guests of Oakland today and were met at the Creek ferry at 10 a. m. by City Librarian Charles S. Greene and A. A. Denison of the Chamber of Commerce and other citizens. The visitors were delegates to the convention of the National Library Association held recently in San Diego, and have been spending several days in San Francisco.

Two special sightseeing cars were at the foot of Broadway to carry the visitors about Oakland and to the Piedmont cafe, where a luncheon was served. An informal reception was held at the public library at 10:30, at which Mayor Frank K. Mott spoke briefly and welcomed the librarians in the name of the citizens. The visitors inspected the library and were then taken to Piedmont. The early afternoon was spent in sight-seeing and a visit to the museum. Late this afternoon the party went to Berkeley and were taken through the university grounds before returning to San Francisco. Greene and Denison accompanied the visitors throughout the day.

## THIEVES, AS USUAL, ARE ON THE JOB O'NIGHTS

M. M. Cabral complained to the police this morning that a burglar had taken advantage of the leaving of the door at 822 1/2 Clay street unlocked and had entered the place. A wallet containing \$60 was taken by the thief.

Frank Berry of 43 Fairview, Piedmont, reported that while in a crowd in front of a local Broadway theater, his pocket had been picked of a purse containing \$2.

## POLICE TO HAVE AMERICAN FLAG

Mayor Mott Plans to Present Department With Set of Colors.

As a parting gift to the police department, in which he has been a commissioner since he took office as mayor, Frank K. Mott has promised a beautiful silk American flag.

The police commission will be a thing of the past July 1 of this year, as the department will be under the supervision of the commission of public safety and following the last annual review before the commission yesterday afternoon, Mayor Mott delivered a well addressed to the men of the department.

The flag carried in yesterday's review by Sergeant V. M. Howard was a borrowed one, and Mayor Mott declared that he would see that this should not happen again. It is understood that a regimental flag, carrying the seal of the department in gold on a blue field, will be later donated to the department.

While 126 uniformed men of the police department were being reviewed by Mayor Mott, City Engineer Turner and City Attorney Ben F. Woolner, the various districts of the city were not left unprotected. In addition to a skeleton watch of regular officers, all the special police were placed on duty, and the city was under patrol even when the main forces were in review.

In addressing the men after the review, Mayor Mott stated that under the new charter of this city, which will be the highest paid in the United States with the exception of the San Francisco department, he declared that this imposed not only new privileges, but new duties, and that splendid service and willing and efficient observance of duty would be expected of the men.

The police were also addressed by Commissioner Woolner and by Superintendent Adalbert Wilson, Captain of Detectives Walter J. Peterson, by Inspector F. J. Lynch, and Charles Beck, and Captain Thorwald Brown in charge of the annexed district force.

## THREE GUSHERS SPOUT FOR MIDWAY PREMIER

### Thousands of Barrels of Oil Flow Daily From Great Wells in the Kern County Fields

BAKERSFIELD, June 2. — There are three hundreds residents of Oakland who are stockholders in the Midway Premier Oil Company and every one of them is proud of the day in which he invested in the corporation, for the reason that there are now on the company's property in section 8, 32-23, near Fellows, in Kern county, three oil gushers which are equal to the finest in that section of the country.

Two of these wells have come in within the last few days and have gladdened the heart of A. J. Snyder, the president of the Midway Premier Company, who is on the ground looking after the welfare of the oil producers and the interests of the stockholders. All these wells are gushing at the rate of thousands of barrels each day and for the whole of it the company has found a steady purchaser in the Standard Oil Company.

### OIL FLOWS OVER DERRICKS.

The two latest additions to the wells of the company are known as wells Nos. 2 and 10. These were nearing completion and for the purpose of bringing them in, A. J. Snyder repaired to the spot and had not been there long when his eyes were gratified by two streams of oil shooting heavenward, leaping away above the derrick and then falling in masses into the sumps which had been prepared, the analysis showing the oil to be 24 gravity.

Well No. 2 broke forth while an attempt was being made to perforate the crust and sanded up somewhat but was finally cleared and qualified as a gusher, with a flow of 2000 barrels.

Well No. 10 also shot over the derrick with the same kind of a flow and both of them give every indication that there will be a diminution of it for an indefinite period.

The oil was struck at a depth of 1600 feet for the reason that the northern part of the forty acres controlled by the Midway Premier Company comprises property shallower than that on which the gusher known as well No. 1 was dug.

The last mentioned well broke forth on the 18th of last November and the oil rose to a height of 300 feet. It continued to rise to that height for three days, during which time it is estimated that he output was at the rate of 50,000 barrels a day. The noise of the gusher was heard several miles away and attracted to the scene hundreds of persons from all parts of the oil district.

### FLOW UNDER CONTROL.

President A. J. Snyder was on hand at that time, also, and was compelled to work with his wonted energy and intelligence to prevent the gushing liquid from getting beyond control. When the gusher began to work, the force of the flow was so great that it blew out the great gate valve which weighed between five and six hundred pounds, and sent it crashing against the top of the derrick. A hood, however, was supplied and, in that manner the flow was placed under control.

In the bringing in of wells No. 2 and 10, precaution was taken against a similar accident and, as a consequence, when the oil spouted, President Snyder and Superintendent Felix Chappell were prepared to receive and control it. Although the company had made liberal provision in the way of sums for the accommodation of the flow of well No. 1, at the same time, the provisions were inadequate to accommodate the unexpected gushing. The well came in at 8:30 in the evening and, regardless of the fact that darkness had descended, President Snyder pressed into service hundreds of men, teams and wagons, and with them worked all night for the purpose of restraining

the oil which was finding a course of its own in its impetuosity.

### 1,000,000 BARRELS OF OIL.

Great excavations were made on the surface of the earth and the dirt obtained in this way was piled in various directions, forming six of the largest kind of sumps. These sumps were twenty feet deep and in some places 1000 feet in width, with the result that now the company has a sumpage of one million barrels of oil.

It is into that sumpage that the oil from wells Nos. 1, 2 and 10 is flowing. Well No. 1 came at a depth of 2100 feet. The flow is about 800 barrels a day. Since the day of its first flowing this well has been credited with over 200,000 barrels. The proceeds of this first well have more than paid for all the development which has taken place on the company's property with the result that there has been no assessments on the stockholders, a fact which is sincerely gratifying to them, more especially as the concern has two more wells in its possession, each of which is also a money-earner, while a fourth well is being sunk on the property and has attained a depth of 700 feet.

There is considerable satisfaction felt by the members of the Midway Premier company over the successful manner in which Felix Chappell, the superintendent, has conducted the affairs of the concern on the ground and the efficiency and interest that President and General Manager Snyder has displayed in looking after the welfare of the company and conserving the interests of his associates in the corporation. The company has a capital stock of \$1,000,000, of which \$800,000 has been issued. Most of the stockholders are residents of Oakland and will hear with great pleasure of the good fortune which has come to them.

## SUICIDE ATTEMPT PROVES FRUITLESS

Mrs. Andrew Christiansen Is Found in Gas Filled Room.

SAN FRANCISCO, June 2. — Mrs. Andrew Christiansen, who resides at the Hotel Crystal, McAllister and Franklin streets, was found in a gas-filled room by the proprietor at 11:30 this morning. It was evident that she had attempted suicide as the following note was found near her:

"When you find me notify Neal Crew. His telephone number is Merritt 2087. Also the thing of husband of mine has ruined my life. Mrs. Andrew Christiansen."

The woman was taken to the Central Emergency hospital and will recover. Efforts to find Neal Crew at Merritt 2087 were fruitless.

## Knox Will Not Answer Subpoena From House

President Taft Requests Secretary of State to Decline So to Do.

WASHINGTON, June 2. — The president has requested Secretary Knox to decline to answer the subpoena of the House committee on expenditures of the state department, requiring him to procure a record connected with the voucher for \$2450 out of which was defrayed the cost of a portrait of Secretary Day.

## OFFICERS ELECTED BY BOARD OF MISSIONS

SANTA ROSA, June 2. — The Northern California Board of Missions of the Congregational Church has elected the following officers:

Miss L. N. Richards of Saratoga, president; J. B. Bell, Saratoga, vice president; Miss Alice M. Flint, San Francisco, home secretary; Mrs. E. V. Krick, San Francisco, treasurer; H. C. Symonds, San Francisco, auditor; Mrs. C. A. Kotford, Berkeley, secretary of young people's work; Mrs. M. L. Piper, Oakland, secretary of cradle roll; Mrs. L. R. Yarrow, Mill Valley, secretary of missionary study; Mrs. Kate Henman, secretary of foreign work; vice-presidents, Mrs. O. L. Corbin of San Francisco, of the San Francisco Association; Mrs. T. T. Sayre of Alameda, of the Bay Association; Mrs. B. St. John of Benicia, of the Upper Bay Association; Mrs. F. S. Wheeler of San Jose, of the Santa Clara Association; Mrs. W. C. Day of Santa Rosa, of the Sonoma Association; Miss Katherine Douglas of Lilla Shasta, of the Shasta Association.

AFFIDAVIT WITH WILL. NEW HAVEN, Conn., June 2. — By the provisions of the will of Ellsworth B. Cooper, a former of Hamden, the estate of \$80,000 left to the Connecticut Humane Society, and his relatives, all cousins, are cut out of the will by Dr. Walter S. Lay when the will was drawn, January 1, 1908, and Dr. Lay signed an affidavit that Mr. Cooper was of sound mind.

SANITY HEARING CONTINUED. The examination of Jacques Ward, an 18-year-old youth being held in the Receiving Hospital pending a hearing before the Superior Court as to his sanity, was continued this morning until tomorrow. The first of the week Ward appeared at the hospital and said that he was the son of the Mayor of Buffalo, but that he was crazy and wanted to be locked up.

Kindly state to Merchants when shopping that your attention was directed to their Advertisements through the columns of THE OAKLAND TRIBUNE.

## BOXER WAR HERO PLACED ON TRIAL

Henry Lewis Says Too Much Wine Made Him Wander Astray.

Henry Lewis, accompanied by George Weller, appeared before Judge J. D. Murphy in department 5 of the Superior Court this morning to answer to a charge of larceny alleged to have been attempted upon the premises of Antonio Guillotelli in Niles. Replying to the questions of the court and Deputy District Attorney Phil Carey, Lewis told a story of his driftings around the world during the last five or ten years. According to his statements, he was a member of the Sixth Cavalry under Captain Forsythe, in the Philippines, in the vicinity of Santa Cruz. He also was among the troops that occupied Tien Tsin during the Boxer uprising.

From place to place since that time, he said, he had drifted about, leading his way here and there and working when he had the opportunity.

On April 15 last, Lewis was in the vicinity of Niles, and in the evening, while engaged in washing his clothing along the river bank, he met Weller, who suggested that in eating their evening meal they buy wine by way of celebration. Weller purchased a gallon. That was done away with and subsequently two more gallons were acquired. It was at the finish of the second gallon, Lewis testified, that he went to the Guillotelli house in search of bottles in which to carry the third gallon away with them, and finding the door unlocked, and being in a befuddled condition, he went inside and searched about. He was discovered, chased and caught; turned over to the local authorities and given a preliminary examination before being committed to the county jail. The case both men found their way into the Superior Court. Their hearing was continued until next Monday morning, with the understanding that in the meantime the district attorney's office should investigate the story told by Lewis.

## SODALITY PUPILS WILL ENTERTAIN

St. Joseph's Sodality Will Give Exhibition of Penmanship.

The pupils of St. Joseph's Institute, West Oakland, will hold an informal entertainment in the West Oakland auditorium next Tuesday evening. The institute boys are holding an exhibit of penmanship in the Sodality hall. This display will be open to the public Sunday morning, afternoon and evening, as well as Tuesday evening.

The work on exhibition is indicative of the high standard of excellence obtained at the West Oakland institution. The display of penwork is especially remarkable, and it is no surprise to learn that forty of the boys have received diplomas.

The boys' department of St. Joseph's Institute is under the direction of the Christian Brothers. Father McNulty, the veteran pastor of St. Patrick's church, has expressed his satisfaction with the display of school work.

## WILL EAT ALL COMERS FOR PURSE

ROCKLAND, Mass., June 2. — Thomas P. Curley of this city, who recently announced himself America's champion eater, after consuming five dozen eggs at one sitting, is in receipt of man challenges.

Emil Cady, of Madison, Wis., who says he has eaten two pounds of beef, two dozen eggs, bread, potatoes and two pieces of pie, offers a side bet of \$5000 on a contest.

Ernest Torrey of Brockton says his record is eight roast beef dinners in succession.

## BOYS DISPUTE THE OWNERSHIP OF A WHEEL

MELROSE, June 2. — Kenneth Jackson, a 15-year old pupil of Fruitvale School No. 2, was brought to the Melrose police station this morning because he had in his possession a bicycle which Francis Smith, another school boy, claims as his property.

Young Jackson claims he bought the wheel on last Saturday from a third boy, Lester Land, who is now in Los Angeles, the purchase price being 75 cents. The rightful ownership of the wheel will be investigated by the authorities.

## X-RA YEQUIPMENT AT RECEIVING HOSPITAL

Electricians completed today the installation of a complete X-ray equipment in the Receiving Hospital. The machine was donated to the county by Dr. O. H. Hamlin, chief of the county surgical staff and head of the hospital.

Its character is such as to make it completely available for service in locating broken bones, bullets or any of the numerous calls likely to be made upon it in the treatment of cases that are brought into the institution. An expert has been busy constructing the hospital staff in its operation.

## PLEADS NOT GUILTY.

Dr. H. T. Thornburgh, an Alameda physician accused of having passed a number of fictitious checks about town in the Superior Court this morning. The case was continued until next Monday for trial.

## Locals Continue to Lose Up North and Fans Are Beginning to Lose Hope in Team

### HENRY BERRY GIVES UP TRYING TO GET PITCHERS

### Locals Have Lost Three Straight Games; Diamond Gossip

By BERT LOWRY.

Big Chief Henry Berry of the Angels this has started for home, it is reported, after having circulated as far as St. Louis and Cincinnati after slanders, with failure written after his quest. Henry was supposed to have gone into the big brush after these pitchers with a bunch of kale that would choke an elephant and there was to be no limit to the amount he was to pay.

Next week the Senators are to be the visiting team in the series of the woods, having the Seals for opponents. As for the Senators, they have been somewhat of a disappointment to the fans in the pastime especially to those in the home town.

From the way John I. Taylor began to turn his recruits over to the Sacramento management one had the idea that the flag pole was all that was needed to complete the finish of the Coast League season in Sacramento.

Samuel or other as fast as the Senators figure they do not seem fast enough to bring home the long end of the score except at rare intervals. Maybe when the hot weather rolls around and some of these eastern crickets get the soreness things might be different. Let us hope so.

According to the scribbles in the southland all is not harmony among the players of the Sacramento outfit and it is said that the Oakland players are not for each other. The following clipping is a report of one of the many rumpuses supposed to happen between the infielders:

"Fourko and Shinn almost got into a fuss themselves during the morning game during an argument with McGreevy. Shinn threw his glove carelessly and it struck Fourko in the face. McGreevy's Irish blood boiled over and he slammed it back at Shinn. Then they came into the crowd with the most original assortment of curs words ever heard in Coast League diamond. That isn't 'pep.' It's bad judgment."

One of our scribble friends in the southland prints a tale that the Oakland bugs are clamoring for their return to the back home all speak of his return. This much for Krapp from this far off.

Krapp is being worked hard by the Cleveland management, just as Browning was worked by Detroit and unless Gene puts his foot down and refuses to be a part of this greedy club owners the minors in a hurry.

Hand it to Calver for giving the youngsters a chance. The youngsters tried out, we might say, Melkie, Tobin, and in that bunch of the good and the bad, Melkie and a good catcher in the minors for a deal whereby he took a

## SCENE AT EMERYVILLE JUST AFTER CLOSING TRACK

With the end of the racing game in California came the end of the Emeryville racetrack and there was a hurrying and a scurrying of the horse owners for their animals.

Some went to Mexico and others are trying their luck at Salt Lake, Jack M. Crane being among the latter. Just before shipping his stable to the Lagoon track he lined them up and the accompanying picture was taken.

In the picture are the following horses: Decendent, Lescar, Sweet Dale, Belleview, Maxing, Billy Meyer, Sanel, First Fashion, John H. Sheehan and Rosamond.

Among the notable sporting men who were at the track to wish Crane luck on his trip were Dave Cockrell, Johnny Frayne, Soudley, Bill Kelly, Al White, Charley Kelley, Jim Grant, Billy Hopkins, George Agnew, Trainer Dixon, Stew Peters and Frankie Burns, who is mounted on the white horse.

### BEAVERS TAKE TO FLATER ANDEASILY TROUNCE LOCALS

### All Kinds of Hits Bring Runs to Northerners and Gloom to Wolverton

Down from the north came another wave of gloom last night, for once again had the hopes of the Oakland fans been blasted and blasted to a fare-the-well by the hired men of Walter McCredie. The humble baseball man wasn't among those present in the far-off land of mist and roses, but a glance at the score showed that one John Flater, late of the Eastern League, had received a merry bumping, no less than fifteen bingles being glommed off that collection of shoots and slants that he brought from the other side of the Rockies to feel the hitters of the Coast League with.

Mr. Krueger must have like the offerings extraordinary well, for one of his poles went out of the lot and another went slam up against the big Bull in the outfield, entitling him to a check for fifty emacks.

What's the use of going into a long harangue of what was and what might have been? Just look at the score and figure it out yourself, here it is:

### WHOM WILL YOU TRUST

When you are sick, weak, discouraged or worried about a chronic DISCHARGE, STRICTURE, VARICOCELE, TUMOR, PROSTATE, GLEET, FALING HAIR, diseases of the BLOOD, SKIN, KIDNEYS, PROSTATE, BLADDER or an ORGANIC WEAKNESS or other MALE disease?

DR. MAY offers a thorough and scientific examination of your blood and urine. He is prepared to make a chemical and microscopic examination of the blood and urine. This enables him to tell the exact condition of each patient before he then applies the remedy most suitable to remove the cause.

HE possesses every advantage that money, education and experience can supply, and when he takes charge of your case, you may depend JUST AS SURE AS THE SUN SHINES he will cure you.

**BLOOD POISON SUFFERERS**  
Syphilis can be cured forever by one or two treatments of "606"

DR. MAY has treated hundreds of cases here at his institute, which is as thoroughly and as completely equipped as money will make it, and has not had ONE BAD RESULT.

Patients may return to their homes and resume their regular occupations. Out-of-town patients may be treated at a living monument to his ability as a competent and reliable specialist in blood poisoning (cured in one treatment); Varicocele (cured in one treatment); Piles and Hemorrhoids (cured in one treatment); Kidney, Bladder and Prostatic Diseases and all diseases of men. All cases guaranteed.

YOU can "pay when cured" by giving security. You can make any arrangement about payment that is fair to both physician and patient. I have no "special offer" in reach of every workingman. I demand a reasonable charge for my services, in return for a very moderate charge.

WRITE for my FREE CHART about HOME TREATMENT of men's ailments, mailed in plain envelope. Strictest privacy assured. Phone Oakland 414.

**NOTE—I Administer "606" to Women and Children**

DR. MAY, 1068 Broadway, Oakland, Cal.

### CONDITION OF WOLGAST'S HANDS AGITATES THE FANS

### Freddie Welsh Takes Up Transportation and Will Arrive Shortly

(By EDDIE SMITH.)

If Ad Wolgast hurt his hands as badly as it has been reported in the contest with Frankie Burns, whom he won from with ease, what will happen to the maulers of the champion when he is pitted against the sturdy little Britisher, Owen Moran? That is the question that at this time is agitating the boxing fans more than is usual when a contest is more than a month away. The most upsetting point to the argument is that even his friends of the champion are reticent regarding the chances of his again injuring the bread-winners. In some cases the argument is advanced that Frankie Burns, boxing in his low crouch, made it hard for Wolgast to get at him and during the contest the champion deliberately hit the Oaklander several times on the head.

It is these head punches that it is claimed put the hands of the lightweight king out of business. The boxing fans are already claiming that their favorite will turn his head into so many pieces that he will be unable to fight. Wolgast's swings that the contest will not go many rounds before Wolgast will find his hands in the same condition they were at the conclusion of the Burns battle.

More interest will be taken in the contest of Wolgast's hands in his training for the battle with Moran than any other one feature of the bout, and unless we are greatly mistaken greater care will be taken by the champion and his trainers of these members than any other feature of the training.

Manager Tom Jones scoffs at the idea of Wolgast's hands being hurt. He says that Wolgast had had hands when he entered the ring with Burns.

WILL TAKE GOOD CARE OF HANDS.

"While we were training for the Burns contest little or no care was taken of Ad's hands, said the manager the other day at Los Angeles. He said that he was with Doughty, one day he accidentally hurt the left one by hitting the sparring partner on the back of the head. From then on the hand was bad, but we hardly expected Burns would force us much so we made no complaint. With the training for Moran things will be different. We shall take the greatest care of his hands and when the steps into the ring on the Fourth of July we shall be so with hands fit for any kind of a struggle."

This may be so and for the sake of those who will pay their coin for the witnessing of the contest we hope it is. Speculating on the chances of the fight again giving out and prior to the battle this feature will become the most important subject for discussion about the Wolgast camp.

Moran and his manager, Charlie Harvey, are at Tahoe and according to a wire received by Promoter Coffroth an evening Owen caught his first trout. Ad's Estabier and his manager are having a world of fun telling of the great fishing parties they are having and then shipping collect boxes containing nothing but minnows in the place of expected trout.

Harvey put this trick over on Coffroth and the promoter has not ceased buying wine since. It is costing Jimmy more than a laugh. Wolgast and Manager Tom Jones leave Los Angeles today for a trip into the mountains for a few weeks. Wolgast and Moran will begin active training about the middle of the month.

**FREDDIE WELSH TAKES UP TICKET**  
Freddie Welsh notified Promoter Milton T. Clark last evening by wire that he had received the transportation sent him and that he was thoroughly satisfied with the inducements offered him. Welsh also informed the promoter that he would leave immediately for San Francisco, which means that he will arrive Wednesday or Thursday of next week. Baldwin is already on his way to the coast of the men will train Sunday and be in the full swing of his training by Monday.

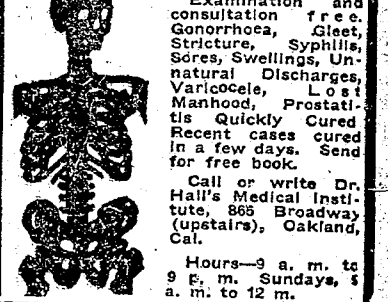

Gold and Baldwin have asked the promoter to look after training quarters for them and he is already attending to the matter. It is almost a cinch bet that one of the men will train at White's place in Oakland and that the other will either go to Billy Shannon's

# POLICE COURTS

## MONEY MAKERS

More Than \$9000 in Fines and Forfeitures Are Taken in.

Fines and forfeitures in the local police courts for the month of May reached a total in excess of any previous month in the history of the department, more than \$9000 being the receipts for the third month since the department was organized. In the financial business of the department, Court Bailiff Charles F. McCarthy handled over \$25,000.

Raid on a number of Chinese lottery houses helped to swell the returns to the city from the police courts, and land-ladies of a number of segregated houses were arrested on charges of selling liquor without a license and forfeited bail after pleading guilty.

Receipts for department No. 1, \$10,112. Receipts for department No. 2, \$10,112.

Total fines and forfeitures, \$9,212. Checks paid favor of department, \$1,330. Checks paid favor of department No. 2, \$1,330. Total fines and forfeitures, \$9,212. Checks paid favor of department, \$1,330. Checks paid favor of department No. 2, \$1,330. Total fines and forfeitures, \$9,212. Checks paid favor of department, \$1,330. Checks paid favor of department No. 2, \$1,330.

# LUMBERMAN TO PAY

## PART DUE DEFUNCT BANK

REDDING, June 2.—Questioned regarding a report that J. E. Terry, a lumberman, had made a cash payment of \$100,000 and given security for \$100,000, the Commercial Union Bank of Shasta County, State Superintendent of Banks H. R. Williams sent the following telegram from San Francisco:

"The report concerning the Terry matter is true in part. A petition to the Superior Court will be filed in a few days."

According to the fact that settlement for less than the full amount can be made only by petition to the Supreme Court.

# CHICAGO BUTTER TRUST

## TO FEEL THE HOOKS

CHICAGO, June 2.—Vigorous prosecution of the government's suit to enjoin the Chicago Butter Trust, which is expected to follow the recent decision of the United States Supreme Court in the oil and tobacco trust cases, was taken first step in this direction when Judge Kohlsaat in the United States Circuit Court, on motion of Federal District Attorney Sims, returned the writ to Charles B. Morrison, who will take evidence.

It is charged the quotations committee of the board held daily sessions, approximate the quantity of eggs and butter on hand and arrange the market price, according to the material benefit of themselves.

# TWO FORMER CHAMPIONS

## WIN GOLF SEMI-FINALS

PRESTWICK, Scotland, June 1.—H. H. Hilton of the Royal Liverpool Golf club and E. E. Lassen of the Lytham Golf club, both previous holders of the title, won their games in the semi-final round of the British amateur golf championship tournament here today. The final round will be played tomorrow.

# PASTOR'S DAUGHTER WEDS

CAMBRIDGE, Mass., June 2.—Miss Eva M. Wyman, daughter of a Foxboro clergyman, was married here last night to Dr. A. M. Dunlap of Foxboro, Illinois. They will go to Japan, where they are to make their home in the future.

# DOYLE RELIEVED AS UMPIRE

NEW YORK, June 2.—Announcement was made from the National League headquarters here today that Doyle had been temporarily relieved from duty "for not knowing the rules." The statement was made by the National League, which has been acting as an umpire, would for the present take his place.

# CALIFORNIA BEATS OREGON

SPRINGFIELD, Oregon, June 2.—California won the second game of the series of two with Oregon yesterday by a score of 4 to 2.

# MONUMENT COMING BACK

NEW YORK, June 2.—Jack Monahan, two-time national running champion, has decided to return to the public track Sunday in a race at Coney Island, over the 1000 meter distance.

# SPORTSMEN TO MEET

SAN FRANCISCO, June 2.—The California Sportsman's Game Protective association will hold a meeting at the Pacific building, at which the officers for the ensuing year will be elected.

# MELODY FIRST IN ACORN

SPRINGFIELD, England, June 2.—The Acorn stakes of the series of two-year-old fillies, distance five furlongs, run here today, was won by Melody, owned by Mrs. J. H. Brown, New York and Paris. Eleven horses started.

# AMATEUR DRIVERS TO MEET

SAN FRANCISCO, June 2.—The Pacific Amateur Driving club will hold a meeting at the Pacific building, at which the officers for the ensuing year will be elected.

# PACKEY PICKS UP KNIGHT

CHICAGO, June 2.—Packey McCreary, the Chicago lightweight, has been picked up by Phil Knight in Cleveland on June 6. The battle is to go ten rounds.

# DISEASES

## THAT WRECK

## MEN

For 10 years I have by my own original methods been successfully treating the following diseases that wreck men:

Concreted Disorders, Spermatorrhea, Organic Debility, Neuritis, Varicose, Stricture, Piles, Specific Blood, Gonorrhea, Syphilis, etc.

Call for examination. Doctor Specialist will give you advice and explain my methods, which are sure to interest all ailing men. Write to 1 p. m. only.

## WOMAN CALLS HER PRISONER A THIEF

Keeper of Hotel Holds Man in Office While She Sends for Police.

SAN FRANCISCO, June 2.—Policeman J. W. Carlton was summoned to the Aberdeen hotel, 151 Sixth street, this morning, where Mrs. Pauline Hanson, the proprietress, had captured George Howe, whom she accused of attempted burglary. Mrs. Hanson claims to have discovered Howe trying keys in different doors, and she forced him to accompany her to the office, while the southern station was communicated with. The man was arrested and charged with attempted burglary.

Kindly mention THE OAKLAND TRIBUNE when dealing with Advertisers. It will be appreciated.

CHURCH DELEGATES ARRIVE.

ST. JOSEPH, Mo., June 2.—Two special trains from the east today brought many additional delegates and visitors to the Church of the Brethren conference. The program thus far has been confined to committee work and organization and real activities will not begin until Monday.

## GAS! GAS! GAS!

All the time my stomach fills full of gas; whether I diet or not, whether my stomach is empty or filled, either morning or night, either before or after eating, it's Gas, Gas, Gas in my stomach. That's the story of so many people. Go to the nearest druggist and get a 50 cent bottle of BAALMAN'S GAS TABLETS, made especially for the permanent cure of Gas, and get permanently cured in a short time.

Such trouble is not true Dyspepsia; no, it's a nervous, irritable stomach, and requires NO dyspepsia preparations. Such a stomach requires a special remedy for Gas, and the only special remedy in America made for this is BAALMAN'S GAS TABLETS. Get a bottle right now and you will thank us for the relief later on. These peculiar tablets are sold for 50c a bottle by nearly every druggist. If not in stock tell him to get them for you from his wholesaler, or send 50c in silver, stamps or money order to Hahne-mann Pharmacy, 234 Sutter St., San Francisco.

## POLICE SERGEANT INJURED BY AUTO

Christopher Blank Is Run Down by Machine; Driver Is Arrested.

SAN FRANCISCO, June 2.—Sergeant Christopher Blank, acting lieutenant at the Police station, was severely injured at 6 o'clock this morning by being run down by a fast speeding automobile at Montgomery and Market streets.

The officer had just stepped from the safety station when a car driven by Otto Groebel, a butcher, of 132 Randall street, struck him, threw him forward and knocked him against a post. Groebel stopped his machine and, aided by his son, who was the only passenger, placed Blank in the car and rushed him to the Central Emergency hospital.

It was found he had received a broken left leg, possible internal injuries, and bruises and cuts about the body. Groebel was arrested by Policeman Barker and charged with battery.

BAKER MYSTERY IS RECALLED IN BOSTON

BOSTON, June 2.—The mysterious death of Walter E. Baker of Boston, a wealthy Harvard man, at the home of Mrs. Helen Hurd of Boston, N. J., several years ago, which caused an estrangement between the Hurd and Baker families, is recalled by the final settlement here of the estate of the deceased, which has been in litigation for some years. Baker inherited an estate valued at half a million dollars. The will was sustained, the contesting brother receiving only \$5000 and Mrs. Hurd \$10,000. Harvard College, the residuary legatee, is the chief beneficiary.

POLICE SEEK TO FIND KIDNAPED MOORE BOY

SAN FRANCISCO, June 2.—Circulars were sent out by the police today in an effort to locate little John Moore, whose mother, Mrs. Annie Moore of 49 Byington avenue, claims was kidnapped by her husband, for whose arrest she swore out a warrant on May 1. The boy, who is 5 years old, is alleged to have been taken from the house by his father, a canvasser, during the temporary absence of Mrs. Moore, and she has been unable to get any trace of him since.

## OPIUM SEIZED ON A PACIFIC MAIL LINER

Half Ton of Contraband Taken Off of the American Maru.

DRUG FOUND FLOATING IN BIG WATER TANK

The Official Seizures to Date Amount to Nearly \$100,000.

SAN FRANCISCO, June 2.—More than half a ton of contraband opium, worth \$27,000, was taken from the Pacific Mail liner America Maru by the customs men when the steamer docked in port here yesterday. The drug was discovered in a secret hiding place in the forepeak of the liner. This makes more than \$85,000 in contraband opium seized within the last six months.

When the America Maru touched at Yokohama it was searched, and just before it left the port of Hongkong it had undergone a similar operation. Opium was found in great quantities in each of these two searches, and the cable began to tingle with masonic messages between the Orient and Washington to John Wilkie, chief of the United States secret service.

SWARM OF OFFICERS.

The America Maru had no sooner docked than a corps of customs officers under W. H. Tidwell, special agent, swarmed over its sides.

In the floor of the vessel was a man-hole covered with a steel plate. This was removed. Beneath it was one of the Maru's water tanks. The tank was only half full of water. Lashed to the pipes about it were found nine hermetically sealed cans, about the size of an ordinary ash can, filled with five-ten tenths of opium. There were an even hundred tins in each can.

MUCH OPIUM SEIZED.

The following seizures of opium, totaling in value \$85,515, have been made by customs officials at this port in the last six months:

Date	Steamship	Value
Nov. 23	Siberia	\$ 800
Dec. 23	China	4,000
Dec. 25	Pleides	1,400
Jan. 1	Korea	18,000
Jan. 10	Siberia	6,000
Jan. 28	Chiyo Maru	11,000
Jan. 31	Nippon Maru	975
Feb. 3	Siberia	3,500
Feb. 7	City of Pueblo	5,000
Feb. 17	China	300
Feb. 25	Mongolia	3,540
Mar. 8	Kyoga	400
Apr. 1	San Jose	1,800
June 1	America Maru	27,000
Total		\$85,515

## GRAPE PACKERS FEAR SHORTAGE OF HELP

STOCKTON, June 2.—Grape packing companies throughout San Joaquin county are beginning to worry over the labor shortage, which is sure to cause much inconvenience and trouble this season. The report has been circulated that the unions in the county will urge the packers to employ only white labor, but the managers of the companies say that this will be impossible, as heretofore they have been short of help when they employed Orientals in addition to all of the whites they could secure.

The large packing companies are advertising for help, and it is understood that the lowest wages will be \$2 a day for inexperienced help, while experienced labor will be paid more, according to ability. The eight-hour law for women does not affect the situation during the fruit season, and nine hours will probably be the shifts, with overtime for extra work.

LAUNCH FOR COACH.

NEW HAVEN, Conn., June 2.—Among recent gifts to the athletic associations of Yale University is a new twenty-five horsepower launch to be used for coaching purposes by the rowing association. The boat is the gift of "friends of the university."

In the School Room Eyes are Irritated by Dust and Eye Strain induced by Faulty Systems of Lighting. Apply Medicine to School Children's Eyes to Restore Normal Conditions

## WARNS MERCHANTS AGAINST FLEECERS

Postmaster Schafer Tells of the Bogus Money Orders.

A warning against accepting money orders of the description given has been issued in the form of a memorandum by Postmaster Paul Schafer, which is as follows:

On May 13, 1911, blank money order Nos. 645 to 600, inclusive, were stolen from Station No. 7, Oak Park, Ill. On the 20th, orders were passed in Detroit, Michigan, on merchants' after purchasing a small bill of goods, for amounts varying from \$40 to \$50.

"The party presenting the money order purported to be a traveling representative of a business firm, displaying a card, showing him to be a certified member of some traveling men's association.

"He is described as about 40 years of age, five feet ten inches in height, 170 pounds in weight, full face, light complexion, short sandy gray mustache. One of his victims says he was accosted by another man much shorter and smaller in every way, but up description of the latter could be furnished.

"It is possible that they are on their way to the coast, and all parties are cautioned against accepting any money orders bearing the cited numbers and purporting to have been issued from Station No. 7, Oak Park, Ill."

## BREWER BUSCH TO GIVE MANY MEDICOS BARBECUE

PASADENA, Cal., June 2.—For the entertainment of the American Medical Association at what is declared will be the greatest barbecue ever given, Adolphus Busch today gave the local board of trade \$5000 in cash and donated the use of his sunken gardens for holding the festival. Ten thousand persons are to be fed at one sitting. Twenty-five beavers, 200 tubs of lobster salad, 2000 loaves of bread, a carload of potatoes and many other articles of food will be utilized in making up the menu. A Roman chariot race will follow the barbecue. The Association meets here on June 30.

Kindly mention THE OAKLAND TRIBUNE when dealing with Advertisers. It will be appreciated.

There is one medicine that every family should be provided with and especially during the summer months, viz., Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a few cents, and is so easy to get without it. For sale by Osgood Bros.' drug stores.

ANNOUNCEMENT

ANNOUNCEMENT

OSGOOD'S NEW FIVE-CENT CIGAR

CREATING A GREAT DEAL OF TALK

Sells All 12 1/2c Cigars for a Dime and Then Caps the Climax by Selling a Ten-cent Cigar for a Nickel.

"Here's something I don't understand," said Fred Osgood, the cut-rate cigar-selling druggist, this morning. "There are probably 50,000 men within reach of my stores, who smoke cigars, and only about 5000 of them are taking advantage of my cut-rate prices. Now, then, money isn't so abundant that it can be thrown away, and I don't understand why I don't get the business of the other 45,000."

"It's either for one of three reasons," answered a bystander. "They either are too diffident to take the trouble to go to your location, or they haven't heard of your cut-rate price."

"Well," answered Osgood, "a man can't afford to be diffident about a saving of \$5 a year. This figures 6 per cent interest on \$80, which is enough to make any man sit up and take notice. I sell 12 1/2c cigars for a dime, and a 10c cigar for a nickel, and anyone who buys an average of four cigars a day saves at least \$35 in less than twelve months. As far as the quality of my cigars are concerned, you'll find it not only good, but exceptionally fine. This is necessary because most smokers are suspicious of

## SPURNS CAPITALIST AND HIS MILLIONS

Golden Haired Divorcee Tells of Flouting Millions of Coin.

SAN FRANCISCO, June 2.—Mrs. Annie Cornille, Carpenter, handsomely golden-haired and blue-eyed, just arrived from Reno, and incidentally just five days divorced, is at the St. Francis hotel.

Yesterday, barely a half hour after her arrival, she told with the joyousness of conquest, of having thrown over a New York and San Francisco capitalist, to protest whom she calls "Mr. Miner," and his \$50,000,000.

She told of the jewels and securities he pressed upon her, to the value of \$700,000, or more, to keep until their wedding day, and how, in the month of December, alone, he gave her jewels "as big as rocks" to the value of \$500,000, of a handbag all studded with beautiful stones, worth more than \$100,000, and of how, while staying at the Golden Eagle hotel, Reno, with all this precious baggage, she was afraid for her life.

The poor man, she said, had troubles enough. He was in a sanatorium now trying to recover from a nervous breakdown that her final refusal to marry him brought on.

Mrs. Carpenter told of other men who were "wild" about her and showed numerous letters in masculine handwriting.

"O, I am a heart-breaker," she concluded. "Just think of that poor, daffy Mr. Miner. But no wedding bells for me. I am nearly sick over this business. Not many women would have given all that stuff back."

SUSPECTED OF THEFT.

TORONTO, Ont., June 2.—William B. McBride, alias William B. Wilson, is being held on an open charge by the local police, who are trying to find out how he became the custodian of New York pawn tickets representing \$15,000 worth of diamonds.

LIGHTNING KILLS SHEEP.

WASHINGTON, Pa., June 2.—In a heavy electrical storm yesterday twenty-one sheep were instantly killed when lightning struck a tree under which they had huddled for refuge.
